OFFICIAL NOTICE

Hello Neighbor,

This letter is an official notice that _____ is applying for one or more permits from the Agency of Natural Resources. Because your property borders the proposed project, Vermont law requires the applicant to provide you with notice of this application.

The permit process includes a public comment period and an opportunity to request a public meeting. Note that to appeal a final permit decision you must submit comments during the public comment period.

Please visit the Environmental Notice Bulletin (ENB) at ENB.VERMONT.GOV to learn more about this project and how to receive application status updates. *(Please note: If you do not see a specific project posted on ENB, it's pending review and will be posted after the application is administratively complete. This may take up to several weeks.)*
