

Vermont Agency of Natural Resources

Report of CAFO Violations for 2007

Pursuant to the Memorandum of Understanding regarding CAFOs, LFOs and MFOs between the Agency of Agriculture, Food and Markets and the Agency of Natural Resources signed on September 17, 2007; ANR is required to file an annual report to AAF&M regarding enforcement actions taken against CAFOs.

Section 12 D. of the current MOU states, "ANR shall provide to AAF&M, and shall make available to the public, on or before January 31 of each year, an annual enforcement report which summarizes the nature of CAFO violations identified, corrective measures specified, and the watersheds and river basins in which the violations occurred."

At the present time, no CAFO permits have been issued. For the calendar year 2007, there were no CAFO violations identified and, therefore, no corrective measures specified.
