P. O. Box 768
Old Saybrook, CT 06475

RE: Septic and Pump Tank Model IM-1530 Approval.

Dear Mr. Bachelder:

We have reviewed your submittal requesting approval of the following tank model for use in designs under the jurisdiction of the Vermont Environmental Protection Rules, Chapter 1, Wastewater System and Potable Water Supply Rules (Rules), effective September 29, 2007:

- Model IM-1530 Septic/Pump Tank (1509 gallons septic capacity, 1765 pump capacity)

Section 1-508 and Appendix 3-A of the Rules provide the minimum standards for sizing septic tanks as well as specifications for the tanks and maintenance requirements. Based on the information you have submitted, including the IAPMO Z1000-2013 certification, technical drawings, and installation manual, the referenced tanks meet the requirements of the Rules and can therefore be used in septic tank installations in Vermont. We will post this approval letter on our webpage.

Please contact me at (802) 585-4890 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Mary K. Clark". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

RE: Septic and Pump Tank Model IM-540 Approval.

Dear Ms. Barringer:

We have reviewed your submittal requesting approval of the following tank model for use in designs under the jurisdiction of the Environmental Protection Rules, Chapter 1, Wastewater System and Potable Water Supply Rules (Rules) effective September 29, 2007:

- IM-540 Septic/Pump Tank

Section 1-508 and Appendix 3-A of the Rules provide the minimum standards for sizing septic tanks as well as specifications for the tanks and maintenance requirements. Based on the information you have submitted, the referenced tanks meet the requirements of the Rules and can therefore be used in septic tank installations in Vermont. We will post this approval letter on our webpage.

If you have any questions, please contact me at (802) 585-4890.

Sincerely,

RE: IM-Series and TW-Series Septic and Pump Tanks.

Dear Mr. Thompson:

We have reviewed your submittal requesting approval of the following tank models for use in designs under the jurisdiction of the Environmental Protection Rules, Chapter 1, Wastewater System and Potable Water Supply Rules, effective September 29, 2007 (Rules):

- IM-Series septic/pump tank: IM-1060
- TW-Series septic/pump tanks: TW-300, TW-500, TW-900, TW-1050, TW-1250, and TW-1500

Section 1-508 and Appendix 3-A of the Rules provide the minimum standards for sizing septic tanks as well as specifications for the tanks and maintenance requirements. Based on the information you have submitted, the referenced tanks meet the requirements of the Rules and can therefore be used in septic tank installations in Vermont. We will post this approval letter on our webpage.

If you have any questions, please contact me at 802-585-4890.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary K. Clark".
