Re: Septic tank approval

Dear Ms O'Hara,

I reviewed your letter of October 9, 2008 and the enclosed materials related to the following models of Norwesco tanks:

1000 gallon septic tank, divided -- VT
1250 gallon septic tank, divided -- VT
1500 gallon septic tank, divided -- VT
1000 gallon Bruiser tank, divided -- VT
1250 gallon Bruiser tank, divided -- VT
1500 gallon Bruiser tank, divided -- VT

I compared the design of these tanks with the requirements in Appendix 3-A and in section 1-904 of the Wastewater System and Potable Water Supply Rules, effective September 29, 2007. The tanks comply with these standards and can be used in the State of Vermont.

If you have any questions please contact me at 802-241-3027.

Sincerely,

Roger Thompson, Jr.
Regional Office Programs Manager
