Re: Orenco Fiberglass Tank

Ms. Bounds:

This letter is written in response to your letter of April 4, 2004, requesting approval of the Orenco Fiberglass Tank septic tanks in accordance with the Environmental Protection Rules, Chapter 1, Wastewater System and Potable Water Supply Rules. The Rules, which became effective on August 16, 2002, were prepared by the Wastewater Management Division of the Vermont Agency of Natural Resources, Department of Environmental Conservation.

Section § 1-508, and Appendix 3-A of the Rules provide the minimum standards for sizing septic tanks as well as specifications and maintenance standards. Based on the information you have submitted, it appears that Orenco Fiberglass Tank septic tanks meet the requirements of the Rules and can therefore be used in septic tank installations in Vermont.

If you have any questions, please contact me at 802-241-3686.

Sincerely,

Frank R. O'Brien
Innovative Systems Engineer
