

Vermont Green Business Program (VT GBP)

is a no-cost, voluntary, environmental assistance and business recognition program administered by the State of Vermont, in partnership with the Northeast Recycling Council (NERC). The Program provides public recognition of environmental excellence for VT GBP members who go beyond compliance with existing environmental regulations by using best management practices for sustainable materials management, pollution prevention, and energy and water conservation.

VT GBP is open to all Vermont businesses and includes industry specific components for hotels, restaurants, marinas, golf courses, and grocery stores.

Program Benefits Include:

- Customer, community, and statewide recognition
- Free and confidential technical assistance
- Cost savings from energy and water conservation
- Brand association with environmental stewardship

Green Business

Green Grocery

Green Hotel

Green Links
