

Public Notices for Establishment of Certified Redemption Centers

In accordance with 10 V.S.A. Section 1529 and Environmental Protection Regulation 10-106(c), the following serves as public notice regarding applications submitted to the Agency of Natural Resources to operate certified beverage container redemption centers in the state of Vermont.

The redemption centers will provide repayment of deposits on beverage containers. Beverage distributors serving the area would be required to collect and redeem containers and deposits from the redemption centers and to reimburse the redemption centers the handling fee. Area retailers (located within a five-mile radius of the proposed certified redemption center) may request to be exempted from redeeming beverage containers by contacting the Agency of Natural Resources.

You may contact bryn.oakleaf@vermont.gov with any questions or concerns regarding the proposed redemption centers or to request an exemption from redeeming beverage containers.

Applications Submitted to Date:

L-S Ventures Redemption Center
2891 Rt 105 Main Street
East Berkshire Vermont
