Re: Petition for Kenny Pond

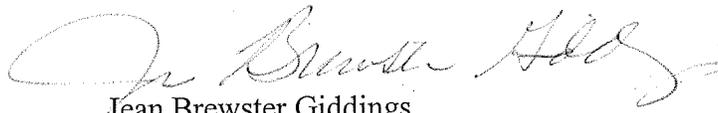

Dear Mr. LaFlamme,

Thank you for your letter dated December 26, 2012, I am sending the culvert question to the Trustees to answer. There are quite a few Trustees involved with the Martha K. Palmer Trust (a.k.a. the Martha Kinne Palmer Trust) and this may take a little time.

In order to answer your proposed question about the road I will need to contact an Abstractor to review the town records. As you may be aware, town toad records are generally very difficult to research. It is almost never possible to determine the lay out of a road. I will submit the result as soon as possible so that you may proceed with your complete analysis of the petition.

Sincerely yours,

FITTS, OLSON & GIDDINGS, P.L.C.
