Best Management Practice (BMP) Project Final Report
for Stormwater Implementation and Final Design projects

This form is required for all funded projects that completed the final design or implementation of a Structural Best Management Practice (BMP). This report pertains to mainly stormwater BMPs. Complete a separate report for each BMP completed within the scope of your project and submit along with the Final Performance Report.

Project Information

1. Project name: _____
2. Grant Number:_____
3. Is this a final design or implementation project?

BMP Information

4. Please check one BMP type that is most closely describes the BMP implemented. (See BMP Definitions and Storage Capacity Guidance on the website to help determine BMP types.)

   Storage BMPs: ___ Bioretention with underdrain
   ___Extended dry detention pond
   __Grass swale
   __Gravel wetland
   __Sand filter
   __Wet pond
   __ Porous pavement[1] *(with under-liner and/or underdrain)*
   [1]If you chose Porous pavement, please enter the Filter Course Depth: _____inches

   Infiltration BMPs[2]: ___ Infiltration trench
   ___ Infiltration basin
   ___ Surface infiltration
   ___ Porous pavement with infiltration *(no under-liner or underdrain)*

   [2]If you chose any of the above infiltration BMPs, please enter the infiltration rate of the underlying soil: _____inches/hr.

---

5. BMP Center Point Latitude and Longitude: _____, -_____

   (Decimal degrees with five decimal places)

---

6. BMP storage volume: _____cubic ft (see BMP storage capacity guidance on website)

Land Use Information

7. BMP Drainage Area (land draining to /treated by BMP): _____ac

   a. Acres of ***Impervious*** land <u>*within*</u> BMP Drainage Area: _____ac

   b. Acres of ***Pervious*** land <u>*within*</u> BMP Drainage Area: _____ac

8. Was this a **retrofit** of an existing BMP?   Yes   No (If no, skip to question 9.)

   a. If yes, enter the storage volume of the previous structure _____ cubic ft

   b. Did the BMP drainage area change from the original condition?   Yes   No If yes please enter the original:
      i. Acres of ***Impervious*** land <u>*within*</u> BMP Drainage Area: _____ac

      ii. Acres of ***Pervious*** land <u>*within*</u> BMP Drainage Area: _____ac

9. Date of BMP Completion: _____

10. BMP Operation & Maintenance Responsible Party:_____
    Contact Email_____   Phone: _____

11. Notes (Optional):
