WHY

Vermont has over 1400 miles of lakeshores with some of the greatest residential density and development pressure in the state. This voluntary certification course teaches landscaping techniques that control stormwater runoff and conserve wildlife habitat, which are essential shoreland development practices for protecting Vermont lakes.

CERTIFIED PARTICIPANTS

Will be listed on the Agency of Natural Resources web site; given priority for certain ANR grant funded shoreland projects; and awarded professional development credits, including four non-soil credits for Licensed Designers.

COSTS

\$20.00 for training expenses.

~morning snacks provided

~bring your own bag lunch
