Project Location: **Near pump station at intersection of Route 3 and Main St** Lat/Lon: **N 43.6607 / W 73.0331**

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes under **Section C.2.3, installation of a boat launch area upstream of the Marble Bridge.**
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit (SAGP).
3. The proposed activity will meet the terms and conditions of the General Permit provided:
  - a) The project will be completed and approved **as shown on design plans by Kleinschmidt Group and TK Landscape Architects dated 10/21/2015 and 02/03/2016,** and as approved by the Vermont Agency of Natural Resources.
  - b) The project will not adversely affect the public safety by increasing flood hazards.
  - c) The project will not significantly damage fish life or wildlife.
  - d) The project will not significantly damage the rights of riparian owners.
  - e) The project will not obstruct the movement of aquatic life indigenous to the waterbody beyond the actual duration of construction.
  - f) The project is conducted in a manner which minimizes or avoids any discharge of sediment or other pollutants to surface waters in violation of the VT Water Quality Standards.
  - g) The ANR River Management Engineer is notified by phone or email when construction begins and when the project is complete.
  - h) **In-stream working dates for all GP activities are from July 1<sup>st</sup> through October 1<sup>st</sup>; any in-stream work outside these dates will require consultation with and prior authorization from the River Management Engineer (RME).**
  - i) **Additional Conditions: EPSC plan to be submitted for approval at the required pre-construction meeting.**

**This authorization to be posted for a ten day public comment after which this authorization constitutes final approval.**

If there are any changes in the project plan or deviation in construction from the approved plans, the Permittee must notify the VTANR RME immediately via phone (802) 490-6163 or email [joshua.carvajal@vermont.gov](mailto:joshua.carvajal@vermont.gov).

*If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.*

**Signed this 27<sup>th</sup> day of April, 2016**  
Alyssa B. Schuren, Commissioner  
Department of Environmental Conservation

**This authorization expires on October 1, 2016.**

by:   
Josh Carvajal, P.E. CFM, River Management Engineer
