Vermont Wetlands Program
Permit Application Database Form
Multiple Wetlands
Under Sections 8 and 9
of the Vermont Wetland Rules

Please note, this form is only to be used if there are impacts to three or more class II wetlands.

No partial refunds when reducing project scope.

Application Submittal Instructions

Please submit your permit application and fee payment via our secure online application portal:

https://anronline.vermont.gov/app/?allowAnonymous=true#/formversion/7addf10d-2c62-447b-bb80-ec5dba88bc99. Scroll to the bottom of the landing page, click 'begin form entry,' in blue, and proceed with the 'permit application' option. Make sure you specify that the permit application is for the Wetlands Program.

Using our online form is the most efficient and secure way to submit applications and payments. Mailing in an application or check may cause delays. You will receive an email notification once your application has been processed.

For application questions contact: ANR.WSMDWetlands@vermont.gov

Vermont Individual Wetland Permit ApplicationMultiple Wetlands

Under Sections 8 and 9 of the Vermont Wetland Rules

Refund Policy (Please fully review before moving forward with Application)

- If an application is modified, withdrawn or denied after technical review has commenced, all fees are retained.
- If an application is withdrawn prior to administrative review, all fees will be refunded.
- If an application is withdrawn after administrative review but prior to commencement of technical review, deemed administratively incomplete and returned to the applicant, or determined that a permit is not required; administrative fees are retained, and permit application review fees will be refunded.

By checking this box, the applicant certifies that they have read and understands the refund policy				
Applicant Information: If the applicant is someone other than the	e landowner, the lando	wner information must be included	below	
Applicant Name:				
Address:	City/Town:	State:	Zip:	
Phone Number:	Email Address:			
Applicant Certification: By signing this application, you are certifying that all information contained within is true, accurate, and complete to the best of your knowledge. By checking this box, the applicant certifies that all adjoining landowners have been provided an official notice via US mail prior to the submission of this application. For guidance on who you need to notify, please go to our website: APO Guidance Document				
Applicant Signature:		Date:		
Landowner Information: Landowner must sign the application.	If landowner is different	from the applicant this section mu	st he filled out	
□ Check this box if landowner is the same as the app			o. 20 mod odi

1.	Location of Wetland and Project:	
		s located on, the compass direction of the wetland in relation to
	the road, 911 street address if available, and any other dis	tinguishing features.
2.	Site visit date(s) and attendees:	d consider
	A site visit is required before the application can be called	
	2.1 Date of Visit(s) with State District Wetland Ecologist	2.2. List of people present for site visit(s) including Ecologist, landowner, and representatives.
	Leologist	Esologist, landowner, and representatives.
	Wetland Classification: See table 1 of the Multiple Wetla	
4.		
5.		s of the Multiple Vvelland Excel Form
6. I	Project Description:	
	6.1. Overall Project Purpose:	
	Description of the basic project and why it is need	ed. Partial projects with no clear purpose
	will not be accepted.	
		pansion of an existing commercial building, building
	a single-family residence.	
	6.2. Acreage of Parcel(s) or Easements(s):	
	Acreage of subject property.	
	6.3. Acreage of Project Area:	
	Acreage of area involved in the project.	
7. F	Project Details:	
	Provide details regarding specific impacts to the wetland	l and buffer zone.
	7.1. Specific Impacts to Wetland and Buffer Zone Dim	nensions:
	List portions of the project that will specifically imp	pact the wetland or buffer zone and their dimensions.
		; installation of buried sewer force main with 5' trench
	Including fill footprint; addition of Stormwater outfal	
		·

7.2. Bridges and Culverts:

Culvert circumference, length, placement and shapes, or bridge details. List any stream alteration permits that are required or obtained where perennial streams or rivers are involved.

7.3. Construction Sequence:

Describe any details pertaining to the work planned in the wetland and buffer in terms of sequence or phasing that is relevant. Describe the construction limits of disturbance, how those will be marked, and check to ensure these are shown on the site plans as well.

7.4. Stormwater Design**

List any stormwater permits obtained or applied for. Describe stormwater and/or erosion controls proposed. ** **Erosion prevention is** required to prevent sediment from entering the wetland.

7.5. Permanent Demarcation of Limit of Impacts**

Describe any boulders, fencing, signage, or other memorialization that provides permanent on-the-ground boundaries for the limits of disturbance for ongoing uses. **Permanent demarcations are required for projects with ongoing activities in or near wetlands or buffer zones such as houses, yards, woody clearing or parking areas, and needs to be depicted on the site plans.

8. Wetland and Buffer Zone Impacts:

For multiple wetlands provide narrative overview for each section below, and fill out the Multiple Wetland Tables

8.1 Wetland Impacts:

Summarize the square footage of impact in the appropriate category. Add After-the-Fact impacts here too. Round to the nearest square foot

Permanent Wetland Fill	s.f.
Temporary Wetland Impact	s.f.
Other Permanent Wetland Impact	
(this number includes clearing of woody	s f
vegetation, dredging, and does not include fill)	5.1.
Total Wetland Impact:	s.f.

Describe in detail the proposed impact to wetlands.

For example: Fill for road crossing, temporary impacts for trench and fill related to utility installation **General narrative is required.**

8.2	Buffer Zone Impacts Summarize the square footage of impact in the appropriate category.
	Temporary Buffer Impact s.f. Permanent Buffer Impact (includes tree removal) s.f. Total Buffer Impact: s.f.
	Describe in detail the proposed impact to wetlands. For example: Addition of fill along roadway embankment extending into buffer zone. General narrative required.
8.3	Cumulative Impacts: List any potential cumulative or ongoing, direct and indirect impacts on the functions of the wetland. For example, horsesed point from parking let proposed to the proposed point in the proposed point.
	For example: Increased noise from parking lot, vegetation management, inputs from stormwater pond outlet, reduction in flood storage volume from the addition of fill from the project.
9. Mitigation S	
	u begin, please read all of Section 20 to respond most appropriately to specific Questions specifically related to Section 9.5b of the Vermont Wetland Rules.
9.1.	Avoidance of Wetland Impacts:
	9.1.1. Can the activity be located on another site owned or controlled by the applicant, or reasonably available to satisfy the basic project purpose? If not, indicate why. Cite any alternative sites and explain why they were not chosen.
	9.1.2. Can the proposed activity be practicably located outside the wetland/buffer zone? If not, indicate why. Explain the alternatives you have explored for avoiding the wetland and buffer onsite, and why they are not feasible.
9.2.	Avoidance to the Impact to Functions and Values:
	9.2.1. If the proposed activity cannot be practicably located outside the wetland/buffer zone, have all practicable measures been taken to avoid adverse impacts on protected functions? ☐ Yes ☐ No
	9.2.2. What design alternatives were examined to avoid impacts to wetland function? For example: Use of matting, relocation of footprint, etc.

9.2.3. What steps have been taken to minimize the size and scope of the project to avoid impacts to wetland functions and values? Include information on project size reduction and relocation.	
9.2.4. Explain how the proposed project represents the least impact alternative design. Explain why other alternatives, which you described above, were not chosen.	
9.3. Minimization and Restoration:	
9.3.1. If avoidance of adverse effects on protected functions cannot be practically achieved, has the proposed activity been planned to minimize adverse impacts on the protected function? ☐ Yes ☐ No ☐ N/A	_
9.3.2. What measures will be used during construction and on an ongoing basis to protect the wetland and buffer zone? For example: Stormwater treatment, signs, fencing, etc.	
9.3.3. Has a plan been developed for the prompt restoration of any adverse impacts on protected functions?	
□ To offset permit impacts □ Voluntary	
9.4. Compensation: Please refer to Section 9.5c of the Vermont Wetland Rules for compensation. Compensation is always required when wetland loss is greater than 5,000 square feet. Not all functions are presumed to be compensable. All projects requiring compensation need prior consultation with the Vermont Wetlands Program. If compensation is proposed, please include a summary here. Also list any supporting documents you may have attached to the application including In-Lieu- Fee proposal or detailed compensation plan.	

10.	Entire Wetland Function and Value Summary (as defined in the Vermont Wetland Rules Section 5): For sections 11-20, please use the Wetland evaluation form and table five of the Multiple Wetland Excel sheet. Please fill out the Wetland Evaluation Form for each wetland
11.	Water Storage for Flood and Storm Runoff
12.	Surface Water and Ground Water Protection
13.	Fish Habitat
14.	Wildlife Habitat
15.	Exemplary Wetland Natural Community
16.	Rare, Threatened, and Endangered Species Habitat
17.	Education and Research in Natural Science
18.	Recreational Value and Economic Benefits
19.	Open Space and Aesthetics
20.	Erosion Control Through Binding and Stabilizing
21.	Wetland Determination: Fill out the determination table in the Excel sheet for each wetland needing a determination
	Required Application Attachments
	Check this box to confirm that the Multiple Wetland Excel Table has been filled out and included with the application submittal.
(Check this box to confirm that the Vermont Wetland Evaluation Forms have been filled out for each impacted wetland and included with the application submittal
7	Without these attachments included the application will be administratively incomplete
22.	Supporting Materials: **ADDITIONAL MATERIAL REQUIRED TO CALL APPLICATION COMPLETE
	22.1. **Location Map: Provide a location map that is 8 ½" x 11" and separate from any site plans

Provide a location map that is 8 $\frac{1}{2}$ " x 11" and separate from any site plans. The Vermont Natural Resources Atlas is appropriate using USGS topography map base layer, roads, and VSWI wetlands at a minimum.

SUBMIT AND PAY ONLINE TO SPEED UP YOUR APPLICATION PROCESSING!

You can submit your application and pay fees online. To start, visit:

https://anronline.vermont.gov/?formtag=WSMD_Intake

- 1. Scroll to the bottom of the page and click the Begin Form Entry button.
- 2. Log in to an account, sign up for an account, or continue as a guest user.
- 3. Fill out each field in the General Information Section.
 - Type the name of the contact person, phone, and email address.
 - Select the Watershed Management Division Program. *The program name is written at the top the application*.
 - Select 'Permit Application' as the submission type.
 - Click the Attach Forms/Supporting Materials button at the bottom of the page.
- 4. Click "Choose File" and select your application, plans, maps, or compliance notifications.
 - Click the VI NEXT SECTION button at the bottom of the page.
- 5. Type the application fee amount.
 - Click the Review button at the bottom of the page.
- 6. Review your data.

 - Click the Submit Form button at the bottom of the page.
- 7. Sign in or continue as a guest to pay the application fee.
 - Click the Pay Online button.
- 8. Enter your credit/debit card or eCheck information.
 - Click the button at the bottom of the page. *Note: You must provide your email address in the billing information section if you want a receipt emailed.*
 - Your submission will now show the fee has been paid. You may print a confirmation/receipt from here if needed.

OFFICIAL NOTICE

Hello Neighbor,	
This letter is an official notice that	intends to apply for one or more
permits from the Agency of Natural Resources, Department of Env	
property borders the location of the activity as described below, Veryou with notice of the application(s).	ermont law requires the applicant to provide
	by DEO to be storated as a second
Once each application has been submitted and deemed complete	
the DEC Environmental Notice Bulletin (ENB) at ENB.VERMONT.GO	
notifications to stay informed as each application moves through t	
may not yet be received or processed by the DEC upon receipt of t	
register now to receive notifications using a specified mile/distand page for detailed instructions on how to register).	e radius from your address location (see hext
In the meantime, you may also contact the property owner/applica	ant with questions about the activity using the
contact information provided below. For background, the permit p	rocess includes a public comment period and
an opportunity to request a public meeting, all which can be done	through the ENB link above once permit
applications are posted. Note that to appeal a final permit decisio	n you must submit comments during the public
comment period.	
For additional information please visit the following website: DEC	C.VERMONT.GOV/PERMITS/ENB/GENERAL. For
general questions or assistance with registering on the ENB pleas	se call DEC's main line at (802) 828-1556 and
plan to provide the permit types that are being applied for as listed	d below.
PROPERTY OWNER(S)/APPLICANT(S) NAME	
PROPERTY OWNER(S)/APPLICANT(S) CONTACT INFORMATION (MUST PR	OVIDE TELEPHONE NUMBER AND/OR EMAIL)
PROPOSED ACTIVITY STREET ADDRESS/ROUTE	
PROPOSED TOWN(S)	
PERMIT TYPE(S) (INDICATE FOR EACH PERMIT TYPE NEW OR RENEWAL)	
"Wetlands Individual Permit"	"Wetlands Determination"
"Wetlands After the Fact Permit"	"Wetland Map Edit"

Understanding when permit applications will be shown on the ENB

• Permit applications are posted on the ENB website after all necessary information is received by the DEC. This means it might take a few weeks for the noticed activity to show up on ENB. Nearby property owners should check the website again one or two weeks after getting a notice in the mail. You can also sign up on the ENB to get updates about new activities in your town.

Register with the ENB

To register on the ENB and set up your subscription: please go through the following steps. There are illustrated instructions on Page 16 of the ENB User Guide:

- 1. Go to ENB.VERMONT.GOV
- 2. Click Register on the upper right-hand side of the home page
- 3. Enter the required information (name, email address and create password) and click Register
- 4. You will receive an email confirmation for your email address. Once confirmed you will be able to log-in and set up your subscription.

Subscribe to ENB Notifications for New Activities in your Area

- 1. Log into ENB and then click My Subscription at the top left-hand side of the home page
- 2. Click Modify Alerts on the My Subscription page
- 3. Click Edit for Alert #1
- Check the box next to the permits you are interested in receiving alerts for from the Select Activity Types of Interest list.
- Next, click the Distance from a Point tab under Select
 Location by... and click the map icon to set your location.
- Enter your own address in the Search Address field. Set the distance large enough to capture the project activity (1 mile, 5 miles, etc.)
- 7. Click **OK** once the radius has been set
- 8. Click **SAVE** on the next page, then Click **OK** to return the main subscription page.
- 9. Once you receive an alert for an activity, you can choose to **Follow** the activity from your subscription page on the ENB

For additional instructions see the **User Guide** on **ENB.VERMONT.GOV**.

For help with registration please contact the ENB Administrator: ANR.ENBAdministrator@vermont.gov.
