SUBJECT: Rescheduled Meeting on Update on PFAS Water Supply Well Sampling and Site Investigations

DATE: 2/3/2025

TIME: 6 PM

LOCATION: Bennington Fire House (130 River Street, Bennington, VT 05201)

This is a **Notice of a Public Meeting** to discuss PFAS work in Southern Bennington and Shaftsbury and announce the rescheduled meeting to be held on February 3, 2025 at 6 pm at the Bennington Fire House, third floor (weather permitting). The Vermont Department of Environmental Conservation, Sites Management Section (SMS) has completed two Additional Site Investigations regarding PFAS impacts to water supply wells in southern Bennington and southeastern Shaftsbury. This effort included the sampling of 131 residences from March to July 2024. The SMS and the Town of Bennington would like to invite the residents of Bennington and Shaftsbury to a Public Meeting where we will provide an update on the work that has been conducted and its findings over the last year. The different phases of work are briefly summarized in the figure below along with an agenda for the meeting.

Draft Agenda:

Welcome
VT DEC SMS Project Managers provide update to residents
Updates from MSK Engineering
