Watershed Management Division
Stream Alteration Permitting
1 National Life Drive, Main 2
Montpelier, VT 05620-3522

Direct all correspondence or questions to Stream Alteration Permitting at: ANR.WSMDRivers@vermont.gov
For additional information visit: www.watershedmanagement.vt.gov

STREAM ALTERATION PERMIT AND REPORTING ACTIVITY INSTRUCTIONS

- 1) This application is for use by anyone proposing to alter by excavation, movement, or fill of greater than 10 cubic yards in any perennial stream and the activity does not qualify for coverage under the General Permit Section C.2.1. http://www.watershedmanagement.vt.gov/permits/htm/pm_streamalt.htm
- 2) Provide the applicant name and contact information; may be landowner, municipality, contractor or other.
- 3) Provide landowner contact information if different from the applicant.
- 4) Indicate appropriate range of watershed size at the location of the activity. See town-based maps at: http://www.watershedmanagement.vt.gov/rivers/htm/rv_management.htm
- 5) Provide a brief project description including type of activity, approximate magnitude of project, etc.
- 6) Describe location by town, address, stream, and latitude/longitude (if known).
- 7) Provide name, phone number and email for consultant or project designer, if involved, and contractor, if known.
- 8) Attach location map. Web accessible maps are available at link provided above in #4.
- 9) Attach a copy of all design drawings, including existing and proposed conditions, plan view, cross sections, and any other pertinent hydraulic, hydrologic, structural, or property boundary information. Plan view typically should extend beyond the construction site so that larger scale stream processes can be identified and considered in the design and regulatory decision. It is preferred but not necessary that design drawings be drawn to scale. In some cases, to-scale drawings may be required.
- 10) Provide copies of municipal flood hazard area maps wherever any stream crossing structure or other flood plain encroachment is proposed within a mapped flood hazard area.
- 11) Sign and date the application.
- 12) Enclose application fee (no cash) payable to "State of Vermont". The fee is required for activities requiring a written authorization under the Stream Alteration General Permit. This includes: New, replacement, and repair of bridges and culverts as specified in the GP; and lower risk instream activities NOT associated with the next flood or emergency protection of municipal infrastructure and habitable structures (Effective July 1, 2015).
- 13) Submit a copy of the application to: Department of Environmental Conservation Rivers Program One National Life Drive – Main 2 Montpelier, VT 05620-3522 ANR.WSMDRivers@state.vt.us
- 14) Submit a copy of application and all required attachments by either ground or electronic mail to the Regional River Management Engineer for the project region (For Regional River Management Engineer contact information see: http://www.watershedmanagement.vt.gov/rivers/docs/RME_districts_12.14.pdf)

The list items below are only required for General and Individual Permits:

- 15) Attach a list of adjoining landowners; names and addresses.
- 16) File a copy of the application and list of adjoining landowners with the selectboard and clerk of the municipality in which the project is located, the local and regional planning commissions, and with each adjoining property owner (For regional planning commissions see: www.vapda.org).
