## 2. DETAILED REQUIREMENTS/DESIRED OUTCOMES:

*The State prefers, but is not strictly limited to selecting, a single bid, covering the entire scope, referred to in this RFP as **Scope of Work, Part 1: Conduct an Independent Program Audit of the Clean Water Fund (10 V.S.A. §§ 1389b(a)(1) – (3), (6)) and Scope of Work, Part 2: Assess Capacity of State Government to Effectively Administer and Enforce Agricultural Water Quality Regulatory Requirements (10 V.S.A. §§ 1389b(a)(4) – (5)),***

*from a single bidder. However, the State recognizes that some of the distinct areas of subject matter involved in the two scopes of work in this RFP require different particular skillsets that may not all be possessed in full by a single individual or a single organization.*

*If a bidder proposes to meet the various required skillsets by an arrangement involving a prime contractor and one or more subcontractors, the prime contractor must be the bidder, but the prime contractor's bid must very clearly identify any and all subcontractors, must clearly describe how scope, roles, and responsibilities will be allocated among all entities, and must provide a substantiation of the specific relevant experience and qualifications of both the prime contractor and any/all subcontractors.*

*Similarly, if a bidder proposes to meet the various required skillsets by some form of joint venture, the bidder must very clearly explain the proposed entity type and structure of joint venture in detail, must very clearly identify any/ all participants in the joint venture, must clearly describe how scope, roles, and responsibilities will be allocated among and across entities, and must provide a substantiation of the specific relevant experience and qualifications of any/ all participants in the proposed joint venture.*

*The State reserves the right, in its sole discretion, to award separate sub-portions of the scope of work covered by this RFP to separate bidders. The State reserves the right, in its sole discretion, to use the Best and Final Offer ("BAFO") process (as described elsewhere within this RFP) to explore and negotiate such a potential award of different sub-portions of the scope of work covered by this RFP to separate bidders, but the State's ability to explore and negotiate multiple awards in that manner shall not be limited to the BAFO process, nor shall the BAFO process be limited to the potential allocation of work across multiple bidders..*

Vermont statutes, at 10 V.S.A. § 1389b, sub-sections (a) & (b), require:

*CLEAN WATER FUND AUDIT*

*(a) On or before January 15, 2023, the Secretary of Administration shall submit to the House and Senate Committees on Appropriations, the Senate Committee on Finance, the House Committee on Ways and Means, the Senate Committee on Agriculture, the House Committee on Agriculture and Forest Products, the Senate Committee on Natural Resources and Energy, and the House Committee on Fish, Wildlife and Water Resources a program audit of the Clean Water Fund. The report shall include:*

- (1) a summary of the expenditures from the Clean Water Fund, including the water quality projects and programs that received funding;*
- (2) an analysis and summary of the efficacy of the water quality projects and programs funded from the Clean Water Fund or implemented by the State;*
- (3) an evaluation of whether water quality projects and programs funded or implemented by the State are achieving the intended water quality benefits;*
- (4) an assessment of the capacity of the Agency of Agriculture, Food and Markets (AAFM) to effectively administer and enforce agricultural water quality requirements on farms in the State;*
- (5) an assessment of the capacity of the Department of Environmental Conservation (DEC) to effectively administer and enforce agricultural water quality requirements on farms in the State; and*
- (6) a recommendation of whether the General Assembly should authorize the continuation of the Clean Water Fund and, if so, at what funding level.*

*(b) The audit required by this section shall be conducted by a qualified, independent environmental consultant or organization with knowledge of the federal Clean Water Act, State water quality requirements and programs, the Lake Champlain Total Maximum Daily Load plan, and the program elements of the State clean water initiative.*

The Agency of Administration is seeking one or more qualified, independent environmental consultant(s) or organization(s) (hereinafter, “consultant”) to conduct this program audit. The consultant(s) shall have knowledge of the Federal Clean Water Act, state water quality requirements and programs, the Phosphorus Total Maximum Daily Loads (TMDLs) for Vermont Segments of Lake Champlain (i.e., Lake Champlain TMDL) and attendant implementation plan, other large-scale watershed management programs across the country that are similarly dominated by non-point source pollution control work, as well as the program elements of the interagency Vermont Clean Water Initiative as detailed in the annual *Clean Water Investment Report*<sup>1</sup> produced by the State of Vermont, available at <https://dec.vermont.gov/water-investment/cwi/projects#Reports>. The consultant(s) must have relevant technical and performance measurement and data management expertise necessary to complete this program audit.

Bidders must, as part of their bid submission, disclose, clearly and with specificity, any involvement that any bidder(s) organization(s), or that any individual(s) within any bidder(s) organization(s) have had, directly or indirectly, in projects receiving funding from the Clean Water Fund. The State will consider such involvement in relation to the potential for an Organizational Conflict of Interest (OCOI), which shall be defined as:

Organizational conflict of interest (OCOI) means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the State, or the person's objectivity in performing the work is or might be otherwise impaired, or a person has an unfair competitive advantage, or there is a substantial risk that information gained by the person during the course of the work (if awarded the work) could be used against the State, or used for or against other parties, in other matters in a manner that would give the person an unfair advantage in those other matters.

---

<sup>1</sup> The Clean Water Investment Report is titled “Vermont Clean Water Initiative Annual Investment Report” for reporting periods of State Fiscal Year (SFY) 2016-2018 and is titled “Vermont Clean Water Initiative Annual Performance Report” for reporting period SFY 2019.

It shall be a condition precedent to the submittal of any bid(s) that the bidder(s) recognize and fully and unconditionally consent that the determination of the existence, extent, or seriousness of OCOI, and of whether an OCOI can or cannot adequately be avoided or mitigated, is a matter for the sole discretion of the State.

The selected consultant(s) will work with an interagency team, including representatives from the Agency of Administration appointed by the Secretary, and subject matter experts appointed by the Secretaries of the Agency of Agriculture, Food & Markets and the Secretary of the Agency of Natural Resources throughout the process. There shall be a minimum of five such SME team “touch points” for the following purposes:

- 1) Introductory meeting with audit team to review audit scope and identify document and data relevant and necessary to the audit
- 2) transmittal and review of existing documentation and datasets;
- 3) review of draft audit report and recommendations;
- 4) review State’s comments to draft audit; and recommendations; and
- 5) delivery and presentation of final report

The final audit must be provided to the Secretary of Administration no later than December 20, 2022 for submission to the General Assembly no later than January 15, 2023; additional incremental time requirements, prior to December 20, 2022 are set forth in detail in subsequent portions of this RFP.

**3. GENERAL REQUIREMENTS:**

- 3.1. **PRICING:** Bidders must price the terms of this solicitation at their best pricing. Any and all costs that Bidder wishes the State to consider must be submitted for consideration. If applicable, all equipment pricing is to include F.O.B. delivery to the ordering facility. No request for extra delivery cost will be honored. All equipment shall be delivered assembled, serviced, and ready for immediate use, unless otherwise requested by the State.
  - 3.1.1. Prices and/or rates shall remain firm for the initial term of the contract. The pricing policy submitted by Bidder must (i) be clearly structured, accountable, and auditable and (ii) cover the full spectrum of materials and/or services required.
  - 3.1.2. The bidder’s price quotes should be firm fixed price including all travel and expenses and any other costs, broken out and quoted on a task-by-task basis, **which should specifically match and track “Major Stages” in Section 2 of this RFP**, for the entire contract period. Pricing may be structured differently for work leading to the major deliverable audit report and for optional provision of post-delivery support and legislative testimony (the State may, in its sole discretion, consider time-rate based pricing for work after the delivery of the final report).
  - 3.1.3. **Disclosure Requirement:** Bidders must, as part of their bid submission, disclose, clearly and with specificity, any involvement that any bidder(s)’ organization(s), or that any individual(s) within any

bidder(s)' organization(s) have had, directly or indirectly, in projects receiving funding from the Clean Water Fund.

**3.1.4.Retainage.** In the discretion of the State, a contract resulting from this RFP may provide that the State withhold a percentage of the total amount payable for some or all deliverables, such retainage to be payable upon satisfactory completion and State acceptance in accordance with the terms and conditions of the contract

**3.2. BEST AND FINAL OFFER:**

**3.2.1.Best and Final Offer (BAFO).** At any time after submission of Responses and prior to the final selection of Bidder(s) for Contract negotiation or execution, the State may invite Bidder(s) to provide a BAFO.

3.2.1.1. The state reserves the right to request BAFOs from only those Bidders that meet the minimum qualification requirements and/or have not been eliminated from consideration during the evaluation process.

3.2.1.2. The State reserves the right, in its sole discretion, to use the BAFO process to explore and negotiate a potential award of different sub-portions of the scope of work covered by this RFP to separate bidders, but the State's ability to explore and negotiate multiple awards in that manner shall not be limited to the BAFO process. The State has no obligation to do so. The State's use of the BAFO process is also in no way restricted to this potential exploration or negotiation of possible award of different sub-portions of the scope of work covered by this RFP to separate bidders; the BAFO process may cover any broader or other aspects of scope, approach, cost, or any other considerations. As noted elsewhere, the State's overall preference is most likely a single award in response to a single bid, but the direction and outcome are in the State's sole and final discretion.

**3.2.2.Evaluation of Responses and Selection of Bidder(s).** The State shall have the authority to evaluate Responses and select the Bidder(s) as may be determined to be in the best interest of the State and consistent with the goals and performance requirements outlined in this RFP.

**3.3. WORKER CLASSIFICATION COMPLIANCE REQUIREMENTS:** In accordance with Section 32 of The Vermont Recovery and Reinvestment Act of 2009 (Act No. 54), Bidders must comply with the following provisions and requirements.

**3.3.1.Self Reporting:** For bid amounts exceeding \$250,000.00, Bidder shall complete the appropriate section in the attached Certificate of Compliance for purposes of self-reporting information relating to past violations, convictions, suspensions, and any other information related to past performance relative to coding and classification of workers. The State is requiring information on any violations that occurred in the previous 12 months.

**3.3.2.Subcontractor Reporting:** For bid amounts exceeding \$250,000.00, Bidders are hereby notified that upon award of contract, and prior to contract execution, the State shall be provided with a list of all proposed subcontractors and subcontractors' subcontractors, together with the identity of those subcontractors' workers compensation insurance providers, and additional required or requested information, as applicable, in accordance with Section 32 of The Vermont Recovery and Reinvestment Act of 2009 (Act No. 54). This requirement does not apply to subcontractors providing supplies only and no labor to the overall contract or project. This list MUST be updated and provided to the State as additional subcontractors are hired. A sample form is available online at <http://bgs.vermont.gov/purchasing-contracting/forms>. **The subcontractor reporting form is not required to be submitted with the bid response.**

**3.4. EXECUTIVE ORDER 05-16: CLIMATE CHANGE CONSIDERATIONS IN STATE PROCUREMENTS:**

For bid amounts exceeding \$25,000.00 Bidders are requested to complete the Climate Change Considerations in State Procurements Certification, which is included in the Certificate of Compliance for this RFP.

After consideration of all relevant factors, a bidder that demonstrates business practices that promote clean energy and address climate change as identified in the Certification, shall be given favorable consideration in the competitive bidding process. Such favorable consideration shall be consistent with and not supersede any preference given to resident bidders of the State and/or products raised or

manufactured in the State, as explained in the Method of Award section. But, such favorable consideration shall not be employed if prohibited by law or other relevant authority or agreement.

3.5. **METHOD OF AWARD:** Awards will be made in the best interest of the State. The State may award one or more contracts and reserves the right to make additional awards to other compliant bidders at any time if such award is deemed to be in the best interest of the State. All other considerations being equal, preference will be given first to resident bidders of the state and/or to products raised or manufactured in the state, and then to bidders who have practices that promote clean energy and address climate change, as identified in the applicable Certificate of Compliance.

3.5.1. **Evaluation Criteria:** Consideration shall be given to the Bidder's project approach and methodology, qualifications and experience, ability to provide the services within the defined timeline, cost, and/or success in completing similar projects, as applicable, and to the extent specified below.

- (0- 20 POINTS) Consulting team members with strong experience and expertise in environmental, regulatory, financial, data management, and performance measurement evaluation.
- (0- 10 POINTS) Overall project cost
- (0- 10 POINTS) Workplan and timeline
- (0- 10 POINTS) References and work products
- (0- 20 POINTS) Representative project experience demonstrating working knowledge of types of programs and projects eligible for funding by the Clean Water Fund and experience demonstrating working knowledge of the types of enforcement processes performed by the Agencies
- (0- 5 POINTS) Strong written and oral communication skills
- (0- 20 POINTS) Full coverage of the totality of diverse skillsets involved, and, if a bid proposal involves more than one contractor (such as a prime contractor/subcontractor or joint venture arrangement), a clear structure as to roles and responsibilities, and inter-entity coordination, for the overall scope
- (0- 5 POINTS) Demonstration of willingness and ability to maintain confidentiality of materials designated by State as confidential, including but not only demonstration of specific information security polic(ies) and practices that protect systems and processes and media that may contain State Data from internal and external security threats, and protect State Data from unauthorized disclosure.

TOTAL BASED ON ALL CRITERIA: 100 POINTS

**PASS/ FAIL: Organizational Conflict of Interest ("OCOI"):** After consideration of all other factors, the State will consider each bidder(s)' mandated disclosures of any involvement that any bidder(s)' organization(s), or that any individual(s) within any bidder(s)' organization(s) have had, directly or indirectly, in projects receiving funding from the Clean Water Fund.

The State will consider such involvement in relation to the potential for an Organizational Conflict of Interest (OCOI), which shall be defined as:

Organizational conflict of interest (OCOI) means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the State, or the person's objectivity in performing the work is or might be otherwise impaired, or a person has an unfair competitive advantage, or there is a substantial risk that information gained by the person during the course of the work (if awarded the work) could be used against the State, or used for or against other parties, in other matters in a manner that would give the person an unfair advantage in those other matters.

It shall be a condition precedent to the submittal of any bid(s) that the bidder(s) recognize and fully and unconditionally consent that the determination of the existence, extent, or seriousness of OCOI, and of whether an OCOI can or cannot be successfully avoided or adequately mitigated, is a matter for the sole discretion of the State.

The State will consider, in its sole discretion, whether a bidder(s) other activities or relationships create an actual or potential OCOI. If the State, in its sole discretion, believes that there is or may

be an actual or potential OCOI, the State will identify any actions that could potentially be taken to adequately avoid or mitigate such OCOI. The State shall have the option, but no obligation, to confer with bidders, during the Best and Final Offer (BAFO) stage, or otherwise before a final award, as part of the State's determination of whether any OCOI can be successfully avoided or adequately mitigated. The State will award the contract to the apparent otherwise-successful bidder(s) unless an OCOI is determined to exist that cannot be successfully avoided or adequately mitigated. If the State in its sole discretion, determines that an OCOI cannot be successfully avoided or adequately mitigated, the State will proceed to apply the same OCOI determination and analyses to the next-most-successful bidder(s), until the State arrives at an acceptable bidder that is not disqualified on the basis of OCOI, provided, however, that in any instance and for any reason, including but not limited to OCOI, the State shall have total discretion to reject any and all bids.

- 3.5.2. **Presentations and/or Interviews:** Final presentations and/or interviews, if deemed necessary by the State will be on-site at the State in Montpelier, Vermont, or, at the State's choice, by conference call. Up to three finalists may be chosen according to the Schedule above from among the bidders to complete a demonstration of their capabilities. The bidder will be expected to demonstrate relevant expertise and provide examples of developed deliverables at the demonstration during the period listed in the Schedule. There will be no cost to the State for these presentations and/or interviews.
- 3.6. **STATEMENT OF RIGHTS:** The State of Vermont reserves the right to obtain clarification or additional information necessary to properly evaluate a proposal. Bidders may be asked to give a verbal presentation of their proposal after submission. Failure of bidder to respond to a request for additional information or clarification could result in rejection of that bidder's proposal. To secure a project that is deemed to be in the best interest of the State, the State reserves the right to accept or reject any and all bids, in whole or in part, with or without cause, and to waive technicalities in submissions. The State also reserves the right to make purchases outside of the awarded contracts where it is deemed in the best interest of the State. The State further reserves the right to conform the selection process, award and/or proposed contract language at any time during the procurement process to comply with state or federal statute, regulation or grant requirement.
- 3.7. **CONTRACT NEGOTIATION:** Upon completion of the evaluation process, the State may select one or more Vendors with which to negotiate a contract, based on the evaluation findings and other criteria deemed relevant for ensuring that the decision made is in the best interest of the State. In the event State is not successful in negotiating a contract with a selected Vendor, the State reserves the option of negotiating with another Vendor, or to end the proposal process entirely.
- 3.8. **COST OF PREPARATION:** Bidder shall be solely responsible for all expenses incurred in the preparation of a response to this RFP and shall be responsible for all expenses associated with any presentations or demonstrations associated with this request and/or any proposals made.
- 3.9. **CONTRACT TERMS:** The selected bidder(s) will be expected to sign a contract with the State, including the Standard Contract Form and Attachment C as attached to this RFP for reference. The contract will obligate the bidder to provide the services and/or products identified in its bid, at the prices listed.
- 3.9.1. **PAYMENT TERMS:** All invoices are to be rendered by the Contractor on the vendor's standard billhead and forwarded directly to the institution or agency ordering materials or services and shall specify the address to which payments will be sent. Payment terms are Net 30 days from receipt of an error-free invoice with all applicable supporting documentation. Percentage discounts may be offered for prompt payments of invoices; however, such discounts must be in effect for a period of 30 days or more in order to be considered in making awards.
- 3.9.2. **BUSINESS REGISTRATION:** To be awarded a contract by the State of Vermont a vendor (except an individual doing business in his/her own name) must be registered with the Vermont Secretary of State's office <http://www.sec.state.vt.us/tutor/dobiz/forms/fcregist.htm> and must obtain a Contractor's Business Account Number issued by the Vermont Department of Taxes <http://tax.vermont.gov/>.
- 3.9.3. The contract will obligate the bidder to provide the services and/or products identified in its bid, at the prices listed.
4. **CONTENT AND FORMAT OF RESPONSES:** The content and format requirements listed below are the minimum requirements for State evaluation. These requirements are not intended to limit the content of a

Bidder's proposal. Bidders may include additional information or offer alternative solutions for the State's consideration. However, the State discourages overly lengthy and costly proposals, and Bidders are advised to include only such information in their response as may be relevant to the requirements of this RFP.

#### 4.1. NUMBER OF COPIES:

4.1.1. Submit an unbound original (clearly marked as such) and twelve (12) paper copies and one digital copy in PDF and/or Microsoft Word or other standard Microsoft Office product formats on USB flash drive.

4.1.2. The bid should include a Cover Letter and Technical Response and a separate Pricing Response.

#### 4.2. COVER LETTER:

4.2.1. Confidentiality. To the extent your bid contains information you consider to be proprietary and confidential, you must comply with the following requirements concerning the contents of your cover letter and the submission of a redacted copy of your bid (or affected portions thereof).

4.2.2. The successful response will become part of the contract file and will become a matter of public record, as will all other responses received. If the response includes material that is considered by the bidder to be proprietary and confidential under the State's Public Records Act, 1 V.S.A. § 315 et seq., the bidder shall submit a cover letter that clearly identifies each page or section of the response that it believes is proprietary and confidential. The bidder shall also provide in their cover letter a written explanation **for each marked section** explaining why such material should be considered exempt from public disclosure in the event of a public records request, pursuant to 1 V.S.A. § 317(c), including the prospective harm to the competitive position of the bidder if the identified material were to be released. Additionally, the bidder must include a redacted copy of its response for portions that are considered proprietary and confidential. Redactions must be limited so that the reviewer may understand the nature of the information being withheld. It is typically inappropriate to redact entire pages, or to redact the titles/captions of tables and figures. Under no circumstances can the entire response be marked confidential, and the State reserves the right to disqualify responses so marked.

4.2.3. Exceptions to Contract Terms and Conditions. If the bidder wishes to propose an exception to any terms and conditions set forth in the Standard Contract Form and its attachments, such exceptions must be included in the cover letter to the RFP response. Failure to note exceptions when responding to the RFP will be deemed to be acceptance of the State contract terms and conditions. If exceptions are not noted in the response to this RFP but raised during contract negotiations, the State reserves the right to cancel the negotiation if deemed to be in the best interests of the State. Note that exceptions to contract terms may cause rejection of the proposal.

4.3. **BACKGROUND AND EXPERIENCE**. Provide details concerning the form of business organization, company size and resources; describe particular experience relevant to the proposed project, and list all current or past State projects.

4.4. If a Bidder intends to use subcontractors, the Bidder must identify in the proposal the names of the subcontractors, the portions of the work the subcontractors will perform, and address the background and experience of the subcontractor(s), as above.

4.5. **WORK PLAN/ TIMELINE**: Submissions shall include a comprehensive work plan to address the components of the Scope of Work (see Attachment A) including the specific elements to be performed, their schedule and frequency, and the bidder's proposed schedule for payments in relation to stages and deliverables. This should include a realistic timeline for deliverables. The submission shall also discuss any anticipated problem areas and proposed solutions.

4.6. **EXAMPLE WORK PRODUCT**: Submission should include a representative sample of work product such as reports, presentations, or other documentation.

4.7. **REFERENCES**. Provide the names, addresses, and phone numbers of at least three companies with whom the bidder has transacted similar business in the last 12 months. A bidder must include contact names who can talk knowledgeably about performance.

4.8. **PRICE AND PRICING STRUCTURE** The bidder's price quotes should be firm fixed price including all travel and expenses and any other costs, broken out and quoted on a task-by-task basis, **which should specifically match and track "Major Stages" in Section 2 of this RFP, and should be displayed on bidders' completed 'Price Schedule' as found at the end of this RFP**. Pricing may be structured

differently for work prior to and including the delivery of the major deliverable audit report and for optional provision of post-delivery support and legislative testimony (the State may, in its sole discretion, consider time-rate based pricing for work after the delivery of the final report).

REVISED DECEMBER 15, 2017**

**1. Definitions:** For purposes of this Attachment, “Party” shall mean the Contractor, Grantee or Subrecipient, with whom the State of Vermont is executing this Agreement and consistent with the form of the Agreement. “Agreement” shall mean the specific contract or grant to which this form is attached.

**2. Entire Agreement:** This Agreement, whether in the form of a contract, State-funded grant, or Federally-funded grant, represents the entire agreement between the parties on the subject matter. All prior agreements, representations, statements, negotiations, and understandings shall have no effect.

**3. Governing Law, Jurisdiction and Venue; No Waiver of Jury Trial:** This Agreement will be governed by the laws of the State of Vermont. Any action or proceeding brought by either the State or the Party in connection with this Agreement shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. The Party irrevocably submits to the jurisdiction of this court for any action or proceeding regarding this Agreement. The Party agrees that it must first exhaust any applicable administrative remedies with respect to any cause of action that it may have against the State with regard to its performance under this Agreement. Party agrees that the State shall not be required to submit to binding arbitration or waive its right to a jury trial.

**4. Sovereign Immunity:** The State reserves all immunities, defenses, rights or actions arising out of the State’s sovereign status or under the Eleventh Amendment to the United States Constitution. No waiver of the State’s immunities, defenses, rights or actions shall be implied or otherwise deemed to exist by reason of the State’s entry into this Agreement.

The State retains the right to participate at its own expense in the defense of any claim. The State shall have the right to approve all proposed settlements of such claims or suits.

After a final judgment or settlement, the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. Where Force Majeure is asserted, the nonperforming party must prove that it made all reasonable efforts to remove, eliminate or minimize such cause of delay or damages, diligently pursued performance of its obligations under this Agreement, substantially fulfilled all non-excused obligations, and timely notified the other party of the likelihood or actual occurrence of an event described in this paragraph.
