

## **BOTTLED WATER INFORMATION**

Updated March 23, 2016

**For property owners with private wells that are located within the 1.5 mile radius from 1030 Water Street, No. Bennington (former Chemfab facility) and expanded areas of concern.**

### **Potable Water Availability:**

- Emergency Supply of bottled water remains available at the North Bennington Village Variety Store, located at 9 Route 67 West. Two water tanks from which residents can draw water are located in the parking lot across from the former Chemfab plant, located at the intersection of Water Street and Route 67a.
- Home Delivery of Bottled Water is available for all well owners with positive PFOA detections. The VT DEC-Waste Management Division will contact you to set up an account. Currently, the State has a contract with W.B. Mason to provide this service.

### **Treatment Systems:**

- Point of Entry Treatment Systems are being offered to impacted residents and are being paid for by Saint-Gobain. Thus far, 20 systems have been installed. The remaining 84 installations for impacted home owners are being scheduled this week.
