## Phase II/V Monitoring Waiver Renewal Application For Public Community and Non-Transient Non-Community Water Systems

---

---

### General Information

---

WSID Number

---

Public Water System Name

---

Town

---

Water System Responsible Person / Phone / Email

---

Water System Operator / Phone / Email

### A. Source Protection Plan Update

A Phase II/V Monitoring Waiver Renewal *cannot be granted* unless the water system has an approved Source Protection Plan (SPP) that has been updated and approved within the last **three years**.

Does the water source have an approved Source Protection Plan (SPP)?

Yes. The SPP was updated on: \_\_\_\_\_

No. If in progress, indicate submittal date: \_\_\_\_\_

### B. Volatile Organic Chemicals (VOCs)

Groundwater Systems: The waiver period is **six years**. The water system is required to sample once during the waiver period. The waiver must be renewed after the first three years the waiver is in effect. Subsequently, the waiver must be renewed every six years.

Surface Water Systems: The waiver period is **three years**. The water system is required to sample once during the waiver period. The waiver must be renewed every three years.

Are you applying for a VOCs waiver renewal?  Yes  No

### C. Synthetic Organic Chemicals (SOCs)

For both Groundwater and Surface Water Systems: The waiver period is **three years**. The waiver must be renewed at the end of the three-year period.

Are you applying for an **SOCs** waiver?  Yes  No

### D. Inorganic Chemicals (IOCs):

For both Groundwater and Surface Water Systems: The waiver period is **nine years**. The water system is required to take a minimum of one sample during the waiver period. The waiver must be renewed every nine years.

Are you applying for an **IOCs** waiver renewal?  Yes  No

Is the system utilizing a **new/additional** source since the last renewal?  Yes  No

### Certification

I certify that I am a responsible party for this water system, I have the authority to sign this application, and the information in this application is true to the best of my knowledge.
