Drinking Water and Ground Water Protection

Bulk Water Hauling as an Emergency Source

Notification Form

Instructions:

- 1. You must adhere to the Division's current Bulk Water Hauling Procedure.
- 2. Notify the Division of the need to haul water at 802-828-1535.
- 3. Complete all sections of this form after each load and submit this form within <u>24</u> hours of the first hauling event. If additional loads are hauled please use the extended period bulk hauling form.
- 4. Email completed form to **David.Love@vermont.gov.**
- 5. If a Boil Water notice is required (see current <u>Boil Water Procedure</u>), complete the <u>Boil Water Notice template</u> and submit a copy to the Division.
- 6. For Bulk Water Hauling questions, contact David Love using the email above, or at 802-585-4902.
