III: Required Attachments

- 1. Copies of all applicable resident state/country approvals, permits, and/or certifications (i.e., permit to operate a bottled water facility, source water permit).
 - a. *Note:* The State of Vermont may require the applicant to submit a copy of the laws and regulations on bottled water processing from the regulatory agency having jurisdiction.
- 2. Analytical results for each source and finished product. Analyses shall be performed no earlier than twelve (12) months prior to application with exception of microbiological analyses which shall be performed no earlier than thirty (30) days prior to application. Analyses must be performed by an EPA Certified Laboratory or for water sources outside the United States, a laboratory approved by the entity overseeing bottled water quality compliance in that country. See Tables 6-1 and 6-2 of the Vermont Water Supply Rule for a list of contaminants for which systems must test. The Vermont Water Supply Rule may be accessed at the following link: http://dec.vermont.gov/sites/dec/files/dwgwp/DW/vtwsr2010%20%281%29.pdf.
- 3. Schematic of the complete water treatment process for each product line.
- 4. Recall plan for your product.
- 5. Labels for each product and container size to be distributed in Vermont.
- 6. Permit Application Fee of **\$1,390.00** for new applications or **\$150.00** for amendment applications, as specified in Title 3 of Vermont Statutes Annotated, § 2822. *Note: No fee for only change in administrative contact(s).*

Note: Amendment applications must include only the attachments containing the information to be amended.

IV: Certification

I hereby **certify** that the statements and representations made in this document are true and accurate to the best of my knowledge and that I am the bottling facility owner or have lawful authority to sign this document on behalf of the owner. I **certify** that the water, sources, and bottling system are regulated by drinking water standards or requirements that are substantially equivalent to or more stringent than the standards or requirements established by the Secretary pursuant to 10 V.S.A., §1672(b). I also **certify** that the Bottled Water System operates in accordance with the Federal Food and Drug Administration's Good Manufacturing Practice Regulations (GMPRs) as found in 21 CFR Parts 110 and 129.
