 where the locations of such lines are important

### City of Rutland, Vt

1 inch = 5,000 feet

## **§ 9-24.4. Commissioner; control of water supply**

(a) The Commissioner of Public Works shall have the exclusive general management and supervision of the City water works and may make and enforce regulations regarding the use and control of water. He or she shall have authority to enforce beyond the limits of the City such regulations as may be necessary for the care, protection, preservation, management, and control of the City water works and water supply, in the same manner and to the same extent as within the City.

# City of Rutland, Vt

1 inch = 5,000 feet

# Red Pine Scale

- RPS is an exotic invasive insect originating from Asia.

- In North America it attacks only red pine – red pine is the only native pine species of “Eurasian” descent.

- Most current infestations are limited to plantations south of the native red pine range.

Jeff Wennberg, Public Works Commissioner
