PERMIT AND LICENSE INFORMATION

**SMALL BUSINESS FACT SHEET
HOME BAKERY, FOOD PREP OR CATERING SERVICE**

If you are considering a business that involves baking, preparing food (such as sandwiches, condiments, etc.) or catering meals from your home, you will need to obtain permits from the state and possibly from your municipality. The purpose of the permits and review is to protect the health, safety and welfare of the public as well as those people working at the site.

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

Many home businesses operated in a single-family residence on its own lot qualify for an exemption from the Wastewater System and Potable Water Supply Rules if there is no increase in water usage or sewage disposal resulting from the business. Please contact a Regional Engineer or Permit Specialist at a Regional Office to determine if your business qualifies. If your business results in an increase in water usage or sewage disposal, a Wastewater System and Potable Water Supply Permit ([Sheet #1*](#)) may be required and you may have to hire services of a professional engineer or licensed designer ([Sheet #11](#)) to evaluate the existing water supply and septic systems.

DEPARTMENT OF HEALTH

If you sell your baked goods or offer catering services, a Food Service Establishment License may be required ([Sheet #53](#)). If you are processing any foods such as pasta, salsa, confections, salad dressings, specialty products, etc., you may be required to obtain a Food Processing Establishment License ([Sheet #53.1](#)).

DEPARTMENT OF PUBLIC SAFETY, Division of Fire Safety

The Fire Safety Division has jurisdiction over any public building. This department reviews projects with respect to issues of fire safety, building codes, accessibility, boiler inspections and electrical and plumbing installations. (Sheets [#49](#), [49.1](#), [50](#), [50.1](#), [50.2](#), [50.3*](#))
