

VERMONT

Application to Operate Fuel to Fuel Aggregation Facility

Instructions: Please complete Section I with identifying information about your Fuel to Fuel Aggregation facility. In Section II (Aggregation Facility Standards) complete question 1 as applicable to the type of storage in use at your facility and the remaining questions. If the answer to any part of questions 1-3 is "No" explain ... in the space provided. Please check, sign and date the certification statements in Section III and return completed form to:

**VTDEC Waste Management & Prevention Division
One National Life Drive, Davis 1
Montpelier, Vermont 05620-3704**

Additional information about the Fuel to Fuel Aggregation provisions of the Vermont Hazardous Waste Management Regulations (VHWMR) can be found in Subchapter 2, section 7-204(l) (pages 2-16 through 2-19). Subchapter 2 is online at: http://www.anr.state.vt.us/dec/wastediv/rcra/hazregs/VHWMR_Sub2.pdf

Additional information regarding the management of fuel and fuel/water mixtures can be found in the Managing Fuel and Fuel/Water Mixtures Environmental Fact Sheet, online at: http://www.anr.state.vt.us/dec/ead/sbcap/pdf/fs_fuel2fuel_wm.pdf or by contacting us at **(802) 828-1138**.

SECTION I: LOCATION AND CONTACT INFORMATION

Site Name:		EPA ID Number:	
Site Location:	Street:		
	Town:		
Facility Owner: (include legal owner and dba name, if applicable)	Name:		
Mailing Address:	Street:		
	Town:	State:	Zip:
Contact Name:			Contact Title:
	Phone:	Email:	

SECTION II: AGGREGATION FACILITY STANDARDS

1. How are aggregated materials stored? (check all that apply and answer questions below each storage type).

Container Storage:

Are containers closed except when adding or removing product?	Yes / No
Are containers marked with words that identify the contents as a usable fuel product?	Yes / No
Does the storage area meet the following standards?	Yes / No
Are containers stored to prevent leak or rupture?	Yes / No
Are the containers stored on an impervious surface?	Yes / No
Are the container markings visible?	Yes / No
Is aisle space between rows of containers at least 24 inches?	Yes / No
Does the storage area have secondary containment?	Yes / No
If stored with other wastes or materials, are they compatible with the usable fuel product?	Yes / No

	Is the storage area within a structure that sheds rain and snow?	Yes / No
	If the usable fuel product is subject to freezing, is it stored so as to prevent freezing?	Yes / No
<input type="checkbox"/> Underground Storage Tank (UST):		
	Is the UST permitted, operated and maintained in accordance with the VTUST regulations?	Yes / No
	Is the UST equipped with fill pipes that are marked or labeled clearly to identify the contents of UST as a usable fuel product?	Yes / No
<input type="checkbox"/> Above-ground Storage Tank (AST):		
	Is the AST installed and operated in accordance with VTDOL standards?	Yes / No
	Is the AST clearly marked to identify the contents as usable fuel product?	Yes / No
	Is the AST managed to prevent rupture of the tank and prevent releases?	Yes / No
	If located out-of-doors, is the AST equipped with secondary containment that is sufficiently impervious to the product to prevent any usable fuel product released into the containment system from migrating out of the system to the soil, groundwater, or surface water?	Yes / No
2. Fuels managed under the exemption:		
3. Operating Log		
	Is the facility maintaining a written operating log that contains the items below? <ul style="list-style-type: none"> • Date that the usable fuel product is received • Amount received • Locations from where it was received • Date, amount, and location where it was sent for each off-site shipment 	Yes / No
4. Contingency Plan		
	Does the facility have a written Contingency Plan?	Yes / No
Explanation of "No" answers to 1-3 above:		
SECTION III: CERTIFICATION STATEMENTS		
_____	I certify that I will comply with closure requirements of the VHWMR § 7-309(c)	
_____	I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
