Waste Management & Prevention Division  
1 National Life Drive – Davis 1  
Montpelier, VT 05620-3704  
(802) 828-1138**

**Sites Management Section (SMS) Roadshow Agenda\*  
June 26, 2018 – 2:00 to 4:00 pm  
St. Johnsbury Regional Office – UVM Conference Room**

1. Introductions
2. General IRule
  - a. What's working and what is not. What the IRule Team is working on revising.
  - b. Bringing old sites into compliance.
  - c. ECAA submission prior to CAP.
  - d. Vapor intrusion discussion and DEC expectations.
  - e. The devil is in the details – common issues since the IRule has been implemented.
    - i. Contaminant distribution figures
    - ii. Finding SSVs in Appendix A
    - iii. Use of standardized IRule terminology
    - iv. Who are reports written for – usually NOT the State
3. Soils
  - a. DEC's Guidance for Construction of Public Works Projects in Areas Where Contamination is Suspected or Known – this doc to be updated to include COCs other than petroleum, and projects where the only trigger for sampling is due to the need to excavate and relocate soils.
  - b. Development Soils. How is this working?
4. Trigger for transition of spills to sites.
5. New public notice process (ENB).
6. Brownfields
  - a. Road map for developers.
  - b. Enrolling properties in BRELLA.
  - c. Preferred Sites Program and Brownfield Certification Process.
7. Open discussions, questions and answers.
