AGENCY OF NATURAL RESOURCES

MEMORANDUM

Pursuant to 3 V.S.A. § 2810, the Agency of Natural Resources is adopting the School Action Levels published by the Vermont Department of Health on November 19, 2021 for polychlorinated biphenyls (PCBs) as an interim environmental media standard.

The interim environmental media standards shall be:

	Pre-Kindergarten	Kindergarten to Grade 6	Grade 7 to Adult
School Action Level	30 ng/m ³	60 ng/m ³	100 ng/m ³

These interim environmental media standards shall be the cleanup values when a release is detected as a part of investigation taking place at a school that is currently being used for school purposes. A release has occurred from building materials when it exceeds the background value of 22.5 ng/m³.

All investigations and remediations from building materials from schools shall be conducted in accordance with the Investigation and Remediation of Contaminated Properties Rule and specific school remediation guidance published by the Departments of Health and Environmental Conservation.

Dated February 2, 2022, at Montpelier, Vermont.
