Re: Mercury-Containing Lamp Collection Plan

Dear Mr. Kohorst,

The final NEMA Plan as re-submitted October 28, 2020 was posted for a 30-day public comment period and received one request to add a collector to the list of participating locations.

The Agency is pleased to approve the Plan for Statewide Collection and Recycling of Mercury-Containing Lamps as submitted by NEMA on behalf of the manufacturers listed in the plan and copied on this letter for a period ending December 31, 2023.

The Agency appreciates NEMA efforts to provide a comprehensive Plan and its willingness to partner with the Agency for an effective program moving forward. We look forward to working with you.

Sincerely,

Cathy Jamieson
Solid Waste Program Manager
