

## REDEMPTION CENTER AGREEMENT TO RETAILER EXEMPTION

**\*ALL FIELDS OF THIS FORM MUST BE COMPLETED IN ORDER TO BE ACCEPTED\***

Retailer Name Seeking Exemption: \_\_\_\_\_

State law (10 V.S.A. § 1523) requires retailers of beverages covered in Vermont's beverage container redemption law (a.k.a. "Bottle Bill") to accept for redemption any containers of a kind, size, and brand sold by that retailer, unless they have prior approval from the Secretary of the Agency of Natural Resources exempting them from this requirement "if a redemption center or centers are established that serve a public need" under 10 V.S.A. §1523(b).

Certified Redemption Center Name: \_\_\_\_\_

**I/we, the owners or operators of the Redemption Center listed above, attest that exempting the Retailer listed above from redeeming beverages that they sell will have no impact on our capacity to manage the anticipated increase in empty beverage containers at our Redemption Center, and further that our Redemption Center is currently able to redeem a customer's beverage containers with average wait times of approximately 20 minutes or less.**

**The information contained in this form is complete and true to the best of my knowledge. I understand that this retailer exemption will remain in effect only so long as my redemption center continues to operate and serve the public need as referenced above.**
