

Recycling Resimplified.

We bin all over Vermont.

Vermont's Recycling & Composting Initiative

Together, we are working hard to be sure that recycling is available for everyone. So whether it's towns placing bins in public areas with trash cans or trash haulers and transfer stations accepting recyclables where you normally dispose of your trash, no matter where you are in the Green Mountain State, there's a recycling bin close at hand. Learn more at VTrecycles.com.
