

Salvage Yard Program Materials Removal Plan

EXAMPLE TEXT provided in red

This plan should detail a removal schedule that will result in compliance within two years. The Plan must be approved by the Agency, and the owner must provide periodic reports of progress.

1. Facility ID and Name **555 ABC Salvage Yard**

2. Address **1234 Old Truck Lane, Salvageville, VT 05600**

3. Plan Prepared by **Robert Roberts**

4. Allowable Materials based on Annual Vehicle Throughput

Your Vehicle Throughput = 150

a. Allowable Tires (your vehicle throughput x 4 tires) = 600

b. Allowable Used Oil (your vehicle throughput x 1.5 gallons) = 225 Gallons

NOTE: The allowable volume of on-site Hazardous Waste is **300 Gallons or less**

5. Current Inventory

a. Tires 8000

b. Hazardous Waste (in gallons) 330

c. Used oil (in gallons) 550

NOTE: 1 drum = 55 gallons

6. Materials to be Removed

a. Tires (Amount shown on line 5a – amount shown on line 4a) = $8000 - 600 = 7400$ tires
(This is the number of tires to be properly disposed)

b. Hazardous Waste (Amount shown on line 5b – 300 gallons) = $330 - 300 = 30$ Gallons
(This is the amount of hazardous waste to be properly disposed)

c. Used oil (Amount shown on line 5c – amount shown on line 4d) = $550 - 225 = 325$ Gallons
(This is the amount of used oil to be properly disposed)

7. Proposed Removal Plan: All Materials on site that are **above** the Allowable Limits (Section 4) will be removed and properly disposed within two years of Plan Approval.

a. Year 1, First Half

Tires: 2000 tires will be loaded and driven to either Pan's Tire Service, Treadville, PA or Pearl's Re-Treads, Whitewall VA

Hazardous Waste: All hazardous waste will be picked up for disposal by HD Environmental, Wherever, VT

Used Oil: Will dispose of 3 drums (165 gallons) via HD Environmental, Wherever, VT

b. Year 1, Second Half

Tires: 2000 tires will be loaded and driven to either Pan's Tire Service, Treadville, PA or Pearl's Re-Treads, Whitewall VA

Hazardous Waste: All hazardous waste removed – no action needed

Used Oil: Will dispose of 3 drums (165 gallons) via HD Environmental, Wherever, VT

c. Year 2, First Half

Tires: 2000 tires will be loaded and driven to either Pan's Tire Service, Treadville, PA or Pearl's Re-Treads, Whitewall VA

Hazardous Waste: All hazardous waste removed – no action needed

Used Oil: All used oil removed- no action needed

d. Year 2, Second Half

Tires: 1400 tires will be loaded and driven to either Pan's Tire Service, Treadville, PA or Pearl's Re-Treads, Whitewall VA

Hazardous Waste: All hazardous waste removed – no action needed

Used Oil: All used oil removed- no action needed
