

Ecosystem Restoration Program Grants, Awarded for FY2015, by County

The topic and category key is provided on page 5.

County	Partner	Summary Title	Funding	Topic	Category
Addison	Addison County Regional Planning	Stormwater Master Planning for the Town of Middlebury	\$22,750	S	1
	Lake Champlain Committee	Assessment and Project Design for Modifications to the Crosby Farms Stormwater Treatment Pond in the City of Vergennes	\$10,430	S	1
	White River Partnership	Upper White River Corridor Restoration Project	\$54,113	R	3
Bennington	Watershed Consulting	Bennington Infrastructure Stormwater Mapping Project	\$32,990	S	1
Bennington and Rutland	Watershed Consulting	Bennington and Pawlet Illicit Discharge Detection and Elimination (IDDE)	\$51,192	S	1
Caledonia	Caledonia County Natural Resources Conservation District	Lower Passumpsic Watershed Restoration and Project Development	\$13,640	R	1
	Caledonia County Natural Resources Conservation District	Dishmill Brook Watershed Stormwater Master Planning and Stormwater Treatment Design in East Burke Village	\$37,550	S	1
	Caledonia County Natural Resources Conservation District	Western Avenue, St. Johnsbury Stormwater Treatment Project Design to Improve Water Quality in the Sleepers River	\$14,829	S	1
	NorthWoods Stewardship Center	NorthWoods Conservation Corps – Watershed Crew	\$14,290	S	2
Caledonia and Orange	Connecticut River Watershed Council	Upper Wells River Corridor Planning Project: Phase 2 Stream Geomorphic Assessment and Project Development	\$67,798	R	1
Caledonia and Orleans	NorthWoods Stewardship Center	Phosphorous Reduction in the Lake Memphremagog Basin through Riparian Buffer Installations	\$49,258	L	2

County	Partner	Summary Title	Funding	Topic	Category
Chittenden	Birds of Vermont Museum	Birds of Vermont Stream Restoration to Improve Stream Bank Stability of Sherman Hollow Brook	\$15,000	R	2
	City of Burlington	Installation of Pervious Sidewalk (Stormwater Sidewalk) to Increase Infiltration and Reduce Stormwater Runoff	\$11,890	S	2
	Fitzgerald Environmental Associates	Crooked Creek Gully Restoration	\$13,000	S	2
	Lake Champlain Land Trust	The Upper LaPlatte River Natural Area Floodplain & River Restoration Project	\$15,750	R	2
	Lake Iroquois Recreation District	Lake Iroquois Public Beach Area Ecological Landscape Design, Erosion Control, and Stormwater Management	\$49,661	L	2
	Winooski Natural Resources Conservation District	Colchester High School Stormwater Runoff Mitigation Project	\$18,840	S	1
Chittenden and Washington	Winooski Natural Resources Conservation District	Installation of Forested Riparian Buffers in the Winooski River Basin – Trees for Streams, Spring 2015	\$23,625	R	2
Essex	Essex County Natural Resources Conservation District	Town of Brighton Stormwater Management Retrofit Planning and Design	\$17,350	S	1
	Vermont River Conservancy	Merck Parcel: River Corridor Easement along the Nulhegan River	\$51,736	R	3
Franklin	Franklin Watershed Committee	Restore Lake Carmi Shorelands through Installation of Best Management Practices	\$37,125	L	2
	Friends of Northern Lake Champlain	Agricultural Best Management Practices Project Identification in Critical Source Areas of Hungerford Brook	\$35,000	A	1
	Missisquoi River Basin Association	Installation of Road Erosion Best Management Practices along Northrop Road at Talcott Road (WB-3) in the Town of Fairfield	\$32,805	Rd	2

County	Partner	Summary Title	Funding	Topic	Category
Franklin continued	Town of Fairfield	Erosion Reduction along Shenang Road	\$30,000	Rd	2
	Vermont River Conservancy	Hurteau River Corridor Easement along the Lamoille River	\$48,220	R	3
	Village of Swanton	Marble Mill Park Underground Stormwater Treatment: Final Design and Implementation	\$74,880	S	2
Franklin and Orleans	Missisquoi River Basin Association	Missisquoi Watershed Riparian Buffer Restoration	\$45,000	R	2
Lamoille	Lamoille County Natural Resources Conservation District	Hyde Park Stormwater Improvement Project	\$75,000	S	2
	Town of Cambridge	Floodplain Restoration at the Cambridge Trail Bridge along the Lamoille and Brewster Rivers	\$61,605	R	2
	Vermont River Conservancy	Selawsky River Corridor Easement: Wild Branch	\$11,500	R	3
	Vermont River Conservancy	Selawsky River Corridor Easement: Wild Branch - Phase 2	\$26,540	R	3
	Village of Jeffersonville	Jeffersonville River Corridor Easement Acquisition	\$4,677	R	3
Orange	Upper Valley Land Trust	Ompompanoosuc River Corridor Conservation at Dresser Farm and Odd Dog Farm	\$84,597	R	3
Orange and Windsor	White River Natural Resources Conservation District	Agriculture No-Till Drill Equipment Rental Program	\$34,550	A	2
Orleans	Memphremagog Watershed Association	Project Identification and Design for Stormwater Treatment in the Memphremagog Watershed	\$20,000	S	1
	Stone Environmental	Memphremagog IDDE Completion	\$9,040	S	1
Rutland	Fitzgerald Environmental Associates	Project Prioritization and Design for Implementation of the Cold River Corridor Plan	\$10,000	R	1
	Middletown Springs Fire Association	Middletown Springs Stormwater Runoff Mitigation through Green Stormwater Infrastructure	\$10,580	S	1

County	Partner	Summary Title	Funding	Topic	Category
Rutland continued	Poultney-Mettowee Natural Resources Conservation District	Agricultural Runoff Mitigation Project on a Tributary to Beaver Brook	\$75,000	A	2
	Poultney-Mettowee Natural Resources Conservation District	Flower Brook Watershed Stormwater Master Planning in the Town of Pawlet	\$38,610	S	1
	Poultney-Mettowee Natural Resources Conservation District	Agricultural Water Quality Best Management Practices Implementation Project	\$74,010	A	2
	Rutland Natural Resources Conservation District	East Creek Watershed Stormwater Runoff Reduction Project in Rutland City	\$75,000	S	2
Washington	Central Vermont Regional Planning Commission	Northfield Stormwater Mitigation Site Construction	\$59,842	S	2
	City of Montpelier	Stormwater Master Planning for the City of Montpelier	\$40,000	S	1
	Friends of the Mad River	Slow, Spread, and Sink it – Stormwater Mitigation Project Identification and Design at Harwood Union Middle School and High School	\$29,810	S	1
	Friends of the Winooski River	Barre Neighborhood Stormwater Management Plan	\$15,970	S	1
	Friends of the Winooski River	Cabot School Stormwater Mitigation Designs	\$8,881	S	1
	Friends of the Winooski River	Stormwater Mitigation Project Design to Address Gully Erosion and Sedimentation along Pouliot Avenue in Barre Town	\$17,147	S	1
	Friends of the Winooski River	Flood Mitigation Project Identification and Design along the Dog River in the Town of Northfield	\$37,570	R	1
	Winooski Natural Resources Conservation District	Rumney Memorial School Stormwater Mitigation Project	\$8,130	S	1

County	Partner	Summary Title	Funding	Topic	Category
Windsor	Lake Rescue Association	Implementation of Projects to Address Sediment Sources in the Upper Black River Watershed	\$44,688	R	2
	Two Rivers-Ottawaquechee Regional Commission	Pinney Hollow Brook Floodplain and Streambed Restoration Design	\$21,200	R	1
	Vermont River Conservancy	Pingree Flats Floodplain Restoration in Plymouth	\$15,000	R	2
Regional - Connecticut River	Stone Environmental	Upper and Middle Connecticut River and Passumpsic River IDDE	\$58,100	S	1
Regional - Lake Champlain Basin	Stone Environmental	Advanced Follow-up Investigation on IDDE in the Otter Creek, Poultney River, and Lamoille River	\$30,400	S	1
	University of Vermont	Implementing Precision Agriculture Technology to Improve Application and Minimize Nutrient Loss of Manure	\$75,057	A	2
	Winooski Natural Resources Conservation District	Equine Manure Runoff Management Program	\$13,000	A	2
Statewide	VTrans	Better Back Roads Projects	\$30,000	Rd	2
	VACD	Trees for Streams - Installation of Forested Buffers	\$67,500	R	2
	VACD	Expansion of Portable Skidder Bridge Program to Reduce Erosion from Logging Operations	\$75,000	F	2
	Vermont Youth Conservation Corps	Implement Road Erosion Best Management Practices along Class IV Roads	\$75,000	Rd	2

Topic Key

A: Agricultural Runoff
 F: Forestry
 L: Lake Shoreline Restoration/Protection
 R: River Corridor/Floodplain Restoration/Protection
 Rd: Road Construction/Maintenance
 S: Stormwater Runoff

Category Key

1: Project Development/Scoping
 2: Project Implementation
 3: Resource Protection
