

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Addison	White River Partnership	Killooleet Dam Removal and In-stream Restoration Project	Dam Removal - Preliminary Design	\$62,131	Capital
Addison	White River Partnership	Hancock River Corridor Plan Project-Identification	River Project - Identification	\$2,794	Clean Water Fund
Addison	Bristol Town	Bristol Stormwater Master Plan	Stormwater Master Planning	\$24,637	Clean Water Fund
Bennington	Bennington County Regional Commission	Shaftsbury Stormwater Master Planning	Stormwater Master Planning	\$21,761	Capital
Bennington	Bennington County Conservation District	Shaftsbury Hay Mulcher	Stormwater/Roads Equipment	\$5,080	Clean Water Fund
Bennington	Bennington County Regional Commission	Lye Brook Berm Removal Alternatives Analysis	Floodplain/Stream Restoration - Preliminary Design	\$15,000	Clean Water Fund
Caledonia	Caledonia County Natural Resources Conservation District	Lyndonville High Street Stormwater Retrofit	Stormwater - Final Design	\$9,885	Capital
Caledonia	Connecticut River Conservancy	Harveys Lake Dam Removal and Lake Outlet Structure	Dam Removal - Preliminary Design	\$31,978	Clean Water Fund
Caledonia	NorthWoods Stewardship Center	Dolloff Pond Access Area Closure and Restoration Project	Lake Shoreland - Implementation	\$6,518	Clean Water Fund
Caledonia	Caledonia County Natural Resources Conservation District	Buffalo Storage Unit-Rte 14 Drainage Channel Restoration	Stormwater - Final Design	\$18,172	Clean Water Fund
Caledonia	Caledonia County Natural Resources Conservation District	South Prospect Street Gully Stabilization	Stormwater - Preliminary Design	\$8,500	Clean Water Fund
Caledonia, Essex	Vermont Department of Forests Parks and Recreation	Darling State Forest Fire Road Close out	Road Project - Implementation	\$27,950	Capital
Chittenden	Jericho Town	2017 Jericho SWMP - Town Parcel Infiltration Basin	Stormwater - Implementation	\$56,635	Capital
Chittenden	Vermont Department of Forests Parks and Recreation	Bombardier Forest Road- Preston Brook logging road remediation	Forestry - Implementation	\$60,170	Capital
Chittenden	South Burlington City	Iby Street Gravel Wetlands	Stormwater - Implementation	\$83,497	Capital
Chittenden	Williston Town	Brennan Woods Pond Retrofit	Stormwater - Final Design	\$44,476	Capital
Chittenden	Williston Town	Meadowrun-Forest Run Pond Upgrade	Stormwater - Implementation	\$54,625	Capital
Chittenden	Williston Town	South Ridge Pond Upgrades- Williston	Stormwater - Preliminary Design	\$66,125	Capital
Chittenden	Williston Town	Williston Stormwater Treatment at Indian Ridge	Stormwater - Implementation	\$47,438	Capital

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Chittenden	Williston Town	Williston Stormwater Treatment at Tafts Farm	Stormwater - Implementation	\$47,438	Capital
Chittenden	Lewis Creek Association	Town Garage Beecher Hill Brook-floodplain restoration	Floodplain/Stream Restoration - Final Design	\$43,398	Capital
Chittenden	Lewis Creek Association	Lower McCabe Brook stormwater projects	Stormwater - Preliminary Design	\$29,150	Capital
Chittenden	Friends of the Winooski River	Lafreniere Field Camel's Hump State Park Riparian Planting	River - Planting	\$4,946	Capital
Chittenden	Williston Town	Williston Stormwater Treatment at Golf Links South Pond Upgrade	Stormwater - Implementation	\$40,076	Capital
Chittenden	Williston Town	Meadowridge Stormwater Improvements	Stormwater - Implementation	\$236,448	Capital
Chittenden	Vermont Natural Resources Council	Dam Removal Study Indian Brook	Dam Removal - Preliminary Design	\$35,000	Clean Water Fund
Chittenden	Vermont Department of Forests Parks and Recreation	Preston Brook Floodplain Restoration Design-Berm Removal	Floodplain/Stream Restoration - Final Design	\$8,563	Clean Water Fund
Chittenden	South Burlington City	Pinnacle at Spear Pond Retrofit	Stormwater - Preliminary Design	\$109,612	Clean Water Fund
Chittenden	Chittenden County Regional Planning Commission	Milton Stormwater Planning and Implementation	Stormwater - Preliminary Design	\$24,881	Clean Water Fund
Chittenden	Shelburne Town	Shelburne Stormwater Utility	Stormwater Master Planning	\$25,000	Clean Water Fund
Chittenden, Franklin, Rutland, Washington	Chittenden County Regional Planning Commission	Clean Streets Phosphorus Reduction Project	Stormwater Master Planning	\$122,671	Clean Water Fund
Connecticut River Basin, Rutland	Vermont Department of Forests Parks and Recreation	Coolidge State Forest - Forest Highway Crossing Upgrade	Forestry - Implementation	\$7,625	Capital
Connecticut River Basin, Windham	Vermont Department of Forests Parks and Recreation	Turner Hill Wildlife Management Area Road & Crossing Closeout	Forestry - Implementation	\$29,652	Capital
Connecticut River Basin, Windham	Connecticut River Conservancy	Green River Corridor Restoration Implementation	River - Planting	\$2,165	Capital
Connecticut River Basin, Windham	Connecticut River Conservancy	Deerfield Watershed Project Identification	River Project - Identification	\$5,737	Clean Water Fund
Connecticut River Basin, Windham, Windsor	Vermont Youth Conservation Corps	Class 4 Roads MRGP Compliance	Road Project - Implementation	\$31,131	Clean Water Fund

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Connecticut River Basin, Windsor	Vermont Department of Forests Parks and Recreation	Proctor-Piper State Forest Culvert to Bridge Replacement	Forestry - Implementation	\$42,260	Clean Water Fund
Essex	Essex County Natural Resources Conservation District	Concord Stormwater Master Plan	Stormwater Master Planning	\$14,000	Clean Water Fund
Essex	Vermont Fish and Wildlife Department	Nulhegan watershed strategic wood addition-Beaver and Brown Brooks and Black Branch	Floodplain/Stream Restoration - Implementation	\$10,000	Clean Water Fund
Franklin	Friends of Northern Lake Champlain	Bouchard Farm Ditch Improvement Project-Rock River	Floodplain/Stream Restoration - Implementation	\$47,913	Capital
Franklin	St. Albans Town	Northwest Medical Center (NMC)-Main Pond (Hill Farm Estates)	Stormwater - Final Design	\$29,900	Capital
Franklin	St. Albans Town	Northwestern Medical Center -South Pond A Retrofit	Stormwater - Final Design	\$12,800	Capital
Franklin	St. Albans Town	Northwestern Medical Center -South Pond B retrofit	Stormwater - Final Design	\$3,050	Capital
Franklin	St. Albans Town	Rugg Brook Stormwater Detention Pond - Tanglewood Estates	Stormwater - Final Design	\$34,000	Capital
Franklin	The Nature Conservancy	Hathaway Point Agricultural Stormwater System/ Montagne Conservation Easement Project	Stormwater - Implementation	\$22,565	Capital
Franklin	The Nature Conservancy	Marsh Brook Restoration	River Corridor Easement - Implementation	\$25,446	Capital
Franklin	Northwest Regional Planning Commission	Fairfax Stormwater Master Plan	Stormwater Master Planning	\$19,655	Clean Water Fund
Franklin	Northwest Regional Planning Commission	Richford Stormwater Master Plan	Stormwater Master Planning	\$19,665	Clean Water Fund
Lake Champlain Basin	Vermont Department of Forests Parks and Recreation	Green Street Vermont Guide and Bylaw Review	Education & Outreach	\$55,000	Clean Water Fund
Lamoille	Cambridge Town	Cambridge Elementary Stormwater Project	Stormwater - Implementation	\$18,589	Capital
Lamoille	Vermont Department of Forests Parks and Recreation	Waterman Brook Culvert to Bridge Project - Johnson	Floodplain/Stream Restoration - Implementation	\$26,540	Capital
Lamoille	Vermont Fish and Wildlife Department	Wild Branch Wetland Restoration - Wolcott	Wetland Restoration - Final Design	\$23,750	Capital
Lamoille	Stowe Town	Town of Stowe Grader-mounter rollers	Stormwater/Roads Equipment	\$19,045	Clean Water Fund

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Lamoille	Vermont Department of Forests Parks and Recreation	French Hill Block Culvert Removals and Forest Road AMPs	Forestry - Implementation	\$7,135	Clean Water Fund
Lamoille	Lamoille County Conservation District	Little River Agricultural Site Riparian Tree Planting	River - Planting	\$27,510	Clean Water Fund
Lamoille, Washington	Vermont River Conservancy	Stormwater Management along North Branch Cascades Trail Corridor	Road Project - Preliminary Design	\$38,580	Capital
Orange	Vermont Department of Forests Parks and Recreation	Butterfield Loop Forest Road Stormwater Improvements	Forestry - Implementation	\$34,020	Capital
Orange	White River Partnership	Tunbridge River Corridor Plan Project- Identification	River Project - Identification	\$2,794	Clean Water Fund
Orleans	Greensboro Town	Greensboro Green Stormwater Infrastructure Project	Stormwater - Final Design	\$16,000	Capital
Orleans	NorthWoods Stewardship Center	Chop property buffer planting project on Memphremagog Direct Tributary	River - Planting	\$4,042	Capital
Orleans	NorthWoods Stewardship Center	Black River Buffer Planting project - Mongeon Albany	River - Planting	\$1,231	Capital
Orleans	NorthWoods Stewardship Center	Riparian Buffering on Irons Property to the Black River	River - Planting	\$4,351	Capital
Orleans	NorthWoods Stewardship Center	Barton River Buffer Planting - VT Fish and Wildlife Coventry - 2018	River - Planting	\$2,252	Capital
Orleans	Memphremagog Watershed Association	Newport City Main street pull off - Underground Chambers Final Design	Stormwater - Final Design	\$21,455	Clean Water Fund
Orleans	Derby Town	Derby, Morgan and Brownington shared Hydroseeder program	Stormwater/Roads Equipment	\$24,390	Clean Water Fund
Rutland	Rutland Town	Hitzel Terrace Outlet Retrofit	Stormwater - Final Design	\$9,115	Capital
Rutland	Rutland County Natural Resources Conservation District	Cold River Berm Removal	Floodplain/Stream Restoration - Implementation	\$36,400	Capital
Rutland	Poultney-Mettowee Natural Resources Conservation District	Lake Saint Catherine Watershed Stormwater and Lakewise Master Planning	Stormwater Master Planning	\$27,753	Clean Water Fund
Rutland	Rutland County Natural Resources Conservation District	Wallingford Stormwater Master Plan	Stormwater Master Planning	\$19,250	Clean Water Fund
Rutland	Rutland County Natural Resources Conservation District	Moon Brook Stormwater Master Plan	Stormwater Master Planning	\$42,500	Clean Water Fund
Rutland	Rutland County Natural Resources Conservation District	Homer Stone Berm Removal	Floodplain/Stream Restoration - Implementation	\$11,600	Clean Water Fund

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Rutland	Poultney-Mettowee Natural Resources Conservation District	Lewis Brook Riparian Buffer Restoration at Saltis Farm- Poultney VT	River - Planting	\$11,040	Clean Water Fund
Washington	Warren Town	Warren School Campus Stormwater Management - Subsurface Chambers	Stormwater - Implementation	\$17,208	Capital
Washington	Warren Town	Warren School Campus Stormwater Management - Raingarden 1	Stormwater - Implementation	\$17,208	Capital
Washington	Vermont Department of Forests Parks and Recreation	Cotton Brook Culvert Upgrades	Stormwater - Implementation	\$130,800	Capital
Washington	Friends of the Winooski River	Barre Town Sschool Parking Lot Bioretention	Stormwater - Final Design	\$6,520	Capital
Washington	Friends of the Winooski River	Barre Town School Infiltration Swale and Basin	Stormwater - Final Design	\$7,207	Capital
Washington	Friends of the Winooski River	Barre Town Garage Bioretention	Stormwater - Final Design	\$6,978	Capital
Washington	Winooski Natural Resources Conservation District	Shady Rill recreation area floodplain restoration	Floodplain/Stream Restoration - Preliminary Design	\$10,580	Capital
Washington	Friends of the Winooski River	Hubbard Park "frog pond"	Stormwater - Final Design	\$6,815	Capital
Washington	Friends of the Winooski River	Hubbard Park Road System	Road Project - Final Design	\$6,815	Capital
Washington	Friends of the Winooski River	Camp Wihakowi Dam Removal Final Design	Dam Removal - Preliminary Design	\$24,042	Capital
Washington	Friends of the Winooski River	Recreation Road gullies study	Floodplain/Stream Restoration - Preliminary Design	\$20,268	Clean Water Fund
Washington	Winooski Natural Resources Conservation District	Thatcher Brook elementary school stormwater management	Stormwater - Preliminary Design	\$9,038	Clean Water Fund
Washington	Barre Town	Town of Barre Hydroseeder	Road Project - Implementation	\$6,073	Clean Water Fund
Washington	Fayston Town	Chase Brook Stormwater Master Plan	Stormwater Master Planning	\$14,500	Clean Water Fund
Washington	Vermont Department of Forests Parks and Recreation	Waterbury State Park Shoreline Bioengineering Restoration	Lake Shoreland - Final Design	\$18,275	Clean Water Fund
Washington	Warren Town	Fuller Hill Road, Warren Stormwater Treatment Implementation	Stormwater - Implementation	\$93,000	Clean Water Fund
Washington	Winooski Natural Resources Conservation District	Shady Rill Road Stormwater Design	Stormwater - Preliminary Design	\$10,420	Clean Water Fund
Windham	Windham Regional Commission	Adams Brook Stream Bank and Floodplain Restoration Implementation	Floodplain/Stream Restoration - Implementation	\$73,056	Capital
Windham	Windham County Natural Resources Conservation District	Marlboro Auto Shop Floodplain Restoration	Floodplain/Stream Restoration - Final Design	\$5,392	Clean Water Fund

Clean Water Initiative Program Ecosystem Restoration Grant Funded Projects in State Fiscal Year 2018

Created 4/10/2018

County	Partner	Project Name	Project Type	Funded Amount	Funding Source
Windham	Windham County Natural Resources Conservation District	Saxtons River buffer plantings	Floodplain/Stream Restoration - Preliminary Design	\$2,872	Clean Water Fund
Windsor	Vermont Fish and Wildlife Department	Route 107 - FWD Floodplain Restoration - Bethel	Floodplain/Stream Restoration - Preliminary Design	\$20,000	Capital
Windsor	Connecticut River Conservancy	Norwich Reservoir Dam Removal	Dam Removal - Implementation	\$287,545	Capital
Windsor	Ottauquechee Natural Resources Conservation District	Springfield Transfer Station Infiltration-Detention Basin Implementation	Stormwater - Implementation	\$141,032	Capital
Windsor	White River Partnership	Upper and Lower Eaton Dam Removal Design	Dam Removal - Preliminary Design	\$29,062	Capital
Windsor	White River Partnership	Rochester Stormwater Master Plan - Basin 9	Stormwater Master Planning	\$20,449	Clean Water Fund
Windsor	White River Partnership	Bethel RCE Outreach - Third Branch White River	River Corridor Easement - Design	\$20,394	Clean Water Fund
State Wide	Vermont Department of Forests Parks and Recreation	Water Quality Assistance Program- FPR Skidder Bridges	Forestry - Equipment	\$50,000	Capital
State Wide	Southern Windsor County Regional Planning Commission	Multi-Sector Clean Water Block Grant- 01	Stormwater - Implementation	\$1,500,000	Capital
