Misha,

I am hoping to file an aquatic nuisance control permit but am out of the country so I cannot send it by mail right now. I got your name from a neighbor and was hoping I could send it electronically? Attached are the documents I believe you need, application, pictures, and water body report.

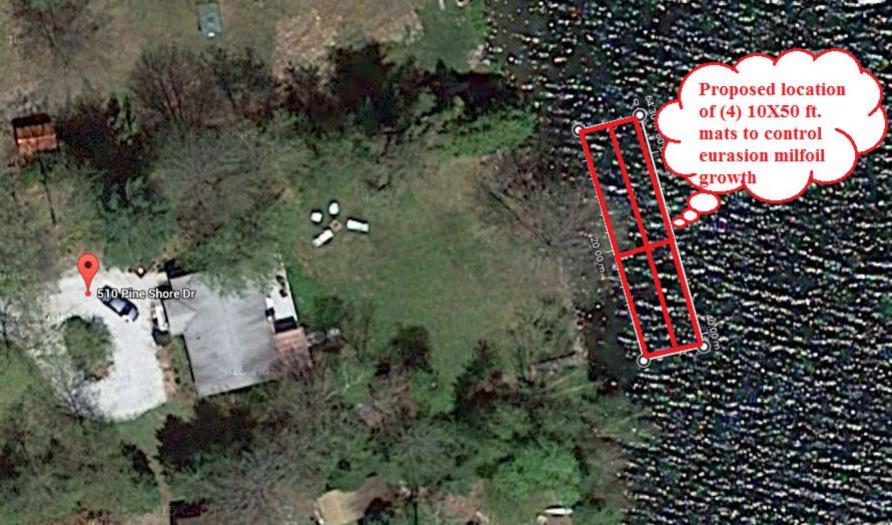

We have recently moved to this property and were suprised with the amount of milfoil around the beach and dock areas. We are looking to control it to make swimming and boating more enjoyable and to not continue the spread by driving through it with our boat.

Please let me know if you need any further information, if possible I can pay the application fee with a card or can have my wife mail a check.

Thanks for you help!

Regards,

Robert Wellman
