

2019 Cyanobacteria Volunteer Training Schedule

What: The training will cover cyanobacteria ecology, their occurrence in Vermont, and how to participate in the volunteer monitoring effort this summer.

Who: Training sessions are open to anyone who would like to learn more about cyanobacteria. You aren't required to become a monitor.

Returning volunteer monitors should sign up for a refresher training. We'll be including photos from last summer and updates on using the CyanoTracker reporting website.

When:

- **June 10, 2019** from 4 – 6pm
 - North Country Career Center, Rm 380. 209 Veterans Ave, Newport, VT 05855
- **June 14, 2019** from 10am – 11:30am
