

## **Shoreland Project Registration Application**

Under Chapter 49A of Title 10, § 1441 et seq.

For Shoreland Permitting Use Only  Effective	the state of the s
Application Number: 2150 - 5 2 10/27/2016L.D.	
	proved copy of this registration form must be recorded in the land
records of the municipality (or municipalities) in which the project	formation is requested or the applicant is notified that an individual
permit is required for the proposed project.	ormation is requested of the applicant is notified that an individual
Submission of this registration constitutes notice that the person	in Section A intends to create impervious surface and/or cleared
area within the Protected Shoreland Area, and certifies that the p	roject will comply with Chapter 49A of Title 10, § 1446(a). All
information requested on this registration form must be provided	
made payable to the State of Vermont, to be deemed complete. R	
Shoreland Development and related instructions for guidance in c	111000000
<b>Limitation:</b> The registration process cannot be used to create more	re than a maximum total per parcel of:
Category A: 100 square feet of impervious surface or cleared and	ed area between 25 feet and 100 feet of the mean water level; WSMD
Category B: 500 square feet of impervious surface or clean	ared area between 100 feet and 250 feet from mean water level.
	within 100 feet of mean water level is considered Category A. A project at least itegory B. See page 2 for details.
A. Parcel Information	
1. Landowner's Name: ROGER W, W)	ide
2a. Physical Address (911 address): 132 Fight	ng Road
2b. Town - County: Wash	1019 2c. Zip: 0568/
3. SPAN (The School Parcel Account Number is required for your application to be deeme	181-24-
your property tax bill. If you cannot locate your property tax bill, please obtain this informatio  4. Phone: #02-456-8919	5. Email:
4. Phone: 802-456-8919 6. Name of Lake/Pond: 1/01/04 Lake	7. Total shore frontage: 125 (feet)
9. Are there wetlands associated with this parcel?	Yes ANO
Contact the Wetlands Program (802) 828-1535 or http://dec.vermont.gov/watersh	
10. Are there previously issued Shoreland permits or registrations	
B. Registrant Contact Information	
1. Name: Roger W. Welde	
2a. Mailing Address 16 Stemm St	
2b. Town Chelmshord	2c. State: MA 2d. Zip: 0/824
3. Phone: (local) 456-8919	4. Email:
C. Project Description	
1. Describe the proposed project. For this registration to be	considered administratively complete you must include in
your description dimensions and associated surface areas of	proposed cleared areas and impervious surfaces and their
distances from mean water level.	
This project involves a 10' by 10' addition The deck is located on a patio, approximate is on a .29-acre lot and was constructed in will be necessary. See attached site plan	ely 42 feet from the lake's edge. The camp

Category A  (between 25 feet and 100 square feet of impervious surface or cleared area between 25 feet and 100 feet of Mean Water Level)  2a. Does your project involve the creation of 100 square feet or less of impervious surface or cleared area, or a combination of both, that is within 100 feet of mean water level (MWL)?  2b. Is the impervious surface or cleared area located at least 25 feet away from the MWL?  2b. Is the impervious surface or cleared area located at least 25 feet away from the MWL?  2c. If you answer "no" to any question (2a-2b) above, your project is not eligible for registration. Please apply for a Shoreland Permit.  Category B  [500 square feet of impervious surface or cleared area between 100 feet and 250 feet from Mean Water Level)  3a. Does your project involve the creation of 500 ft² or less of impervious surface, cleared area, or a combination of both, within the Protected Shoreland Area, located at least 100 feet from MWL?  Yes No  3b. Is the slope of the project area less than 20%?  See The Vermont Shoreland Protection Act — A Handbook for Shoreland Development, Appendix F, Calculating Percent Impervious Surface  3c. Is the total impervious surface 20% or less of the parcel area (after completion of the project)?  Yes No  See The Vermont Shoreland Protection Act — A Handbook for Shoreland Development, Appendix F, Calculating Percent Impervious Surface  3d. Is the total cleared area 40% or less of the parcel area (after completion of the project)?  Yes No  See The Vermont Shoreland Protection Act — A Handbook for Shoreland Development, Appendix F, Calculating Percent Impervious Surface  3d. Is the total cleared area 40% or less of the parcel area (after completion of the project)?  Yes No  See The Vermont Shoreland Protection Act — A Handbook for Shoreland Development, Appendix F, Calculating Percent Impervious Surface  3d. Is the total cleared area 40% or less of the parcel area (after completion of the Project)?  Yes No  See The Vermont Shoreland Protection Act — A Handbook for Sho	2. Is your project between 25 feet and 100 feet 100 feet from mean water level?		
(between 25 feet and 100 square feet of Impervious surface or cleared area between 25 feet and 100 feet of Mean Water Level)  2a. Does your project involve the creation of 100 square feet or less of impervious surface or cleared area, or a combination of both, that is within 100 feet of mean water level (MWL)?  2b. Is the impervious surface or cleared area located at least 25 feet away from the MWL?  Yes No  If you answer "no" to any question (2a-2b) above, your project is not eligible for registration. Please apply for a Shoreland Permit.  Category B  (500 square feet of impervious surface or cleared area between 100 feet and 250 feet from Mean Water Level)  3a. Does your project involve the creation of 500 ft² or less of impervious surface, cleared area, or a combination of both, within the Protected Shoreland Area, located at least 100 feet from MWL?  3b. Is the slope of the project area less than 20%?  See the Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix B, Determining Slope  3c. Is the total impervious surface 20% or less of the parcel area (after completion of the project)?  Yes No see The Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix E, Calculating Percent Impervious Surface  3d. Is the total cleared area 40% or less of the parcel area (after completion of the project)?  Yes No see The Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix E, Calculating Percent Clearing  If you answer "No" to any question (3a-3d) above, your project is not eligible for registration. Please apply for a Shoreland Permit  Advisory: Completion of this registration certifies that the applicant shall manage all the vegetative cover in accordance with the Vegetation Protection Standards, per Chapter 49A of Title 10, 5 1447. Please refer to Part II of The Vermont Shoreland Protection Act - a Handbook for Shoreland Development for additional guidance. "Vegetative cover" means mixed vegetation within the Protected Shoreland Area, c	· · · · · —		
(between 25 feet and 100 square feet of Impervious surface or cleared area between 25 feet and 100 feet of Mean Water Level)  2a. Does your project involve the creation of 100 square feet or less of impervious surface or cleared area, or a combination of both, that is within 100 feet of mean water level (MWL)?  2b. Is the impervious surface or cleared area located at least 25 feet away from the MWL?  Yes No  If you answer "no" to any question (2a-2b) above, your project is not eligible for registration. Please apply for a Shoreland Permit.  Category B  (500 square feet of impervious surface or cleared area between 100 feet and 250 feet from Mean Water Level)  3a. Does your project involve the creation of 500 ft² or less of impervious surface, cleared area, or a combination of both, within the Protected Shoreland Area, located at least 100 feet from MWL?  3b. Is the slope of the project area less than 20%?  See the Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix B, Determining Slope  3c. Is the total impervious surface 20% or less of the parcel area (after completion of the project)?  Yes No see The Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix E, Calculating Percent Impervious Surface  3d. Is the total cleared area 40% or less of the parcel area (after completion of the project)?  Yes No see The Vermont Shoreland Protection Act - A Handbook for Shoreland Development, Appendix E, Calculating Percent Clearing  If you answer "No" to any question (3a-3d) above, your project is not eligible for registration. Please apply for a Shoreland Permit  Advisory: Completion of this registration certifies that the applicant shall manage all the vegetative cover in accordance with the Vegetation Protection Standards, per Chapter 49A of Title 10, 5 1447. Please refer to Part II of The Vermont Shoreland Protection Act - a Handbook for Shoreland Development for additional guidance. If you answer "No" to any question (3a-3d) above, your project is not eligible for registration. Please apply for a Shoreland Permit		
Act - a Handbook for Shoreland Development for additional guidance. "Vegetative cover" means mixed vegetation within the Protected Shoreland Area, consisting of trees, shrubs, groundcover, and duff. It does not mean existing grass lawns, noxious weeds or nuisance plants, such as poison ivy and poison oak.  D. Landowner Certification  As the REGISTRANT, I hereby certify that the statements presented on this application are true and accurate and recognize that by signing this application, I agree to complete all aspects of the project as authorized. I understand that failure to comply with the foregoing may result in violation of the Shoreland Protection Act, 10 V.S.A. Chapter 49A, and the Vermont Agency of Natural Resources may bring an enforcement action for violations of the Act pursuant to 10 V.S.A. Chapter 201.	Advisory: Completion of this registration certifies that the applicant shall manage all the vegetative cover in accordance with the
