

Shoreland Permit Application

for a Shoreland Protection Permit under Chapter 49A of Title 10, § 1441 et seq. RECEIVED AUG 24 2016

For Shoreland Permittin				1
Application Number:	2	165	-5	P

clerk for posting in the municipality in which the project is located.	Public Notice: At the same time this application is filed with Shoreland Permitting, a copy of this application must be provided to the municipal clerk for posting in the municipality in which the project is located				
Submission of this application constitutes notice that the person in Section A intends to create impervious surface and/or cleared area within the Protected Shoreland Area, and certifies that the project will comply with Chapter 49A of Title 10, § 1441 et seq. All information required on this form must be provided, and the requisite fees (Section G) must be submitted made payable to the State of Vermont, to be deemed complete. Refer to The <u>Vermont Shoreland Protection Act - A Handbook for Shoreland Development</u> and related instructions for guidance in completing this application.					
A. Parcel Information					
Landowner's Name: Richard J McGuire					
2a. Physical Address (911 Address): 164 Kirk and Fitt	s Road.				
2b. Town - County: Alburgh - Grand Isle		2c. Zip: 05440			
3. SPAN (The School Parcel Account Number is required for your application to be deemed complete. It can be obtained from your property tax bill. If you cannot locate your property tax bill, please obtain this information from your Town Clerk)					
4. Phone: 802-233-1225	Phone: 802-233-1225 5. Email: rmcguire@bbumail.com				
6. Name of Lake/Pond: Champlain Lake (Missisquoi Bay) - Alburg 7. Total Shore Frontage 70 (Feet)					
8. Was the parcel of land created before July 1, 2014?	✓ Yes	🗆 No	5		
9. Are there wetlands associated with this parcel? Contact the Wetlands Program (802) 828-1535 or http://dec.vermont.gov/water	Yes shed/wetlands	✓ No	,A		
10. Have you ever applied for a permit with the Department of Environmental Conservation associated with this parcel? Yes ✓ No					
11. What is the surface area of your parcel within the Protected Shoreland Area (PSA): 7500 (square feet) See the Vermont Shoreland Protection Act – A Handbook for Shoreland Development, Appendix C, Determining Lakeside Zone & PSA

D. Project Description				
1. Describe the proposed project. For this application to be considered administratively complete you must attach site plans that denote existing and proposed cleared areas and impervious surface and their distances from mean water level, no fewer than three photos of the project area, and dimensions and associated surface areas of cleared areas and impervious surfaces.				
(See attachments on pictures (6) regarding this project) Just replacing current sea wall with new sea wall on cinder blocks.				
2. For developed parcels, how far is the existing habitable s				
and how far will new cleared area or impervious surface be from MWL <u>o</u> (feet)? OR				
For undeveloped parcels, how far will new cleared area or				
See the Vermont Shoreland Protection Act – A Handbook for Shoreland Development, Appendix A – Estimating Mean Water Level 3. Can all new cleared area or impervious surface be set back at least 100 feet from MWL? Yes				
If no, explain why below (attach support information as needed):				
Because I'm doing a shoreline stabilization project.				
4a. What is the slope of the project site area: <u>10</u> % See The Vermont Shoreland Protection Act – A Handbook for Shoreland	4b. Is the slope of the project area less than 20%?			
Development, Appendix B, Determining Slope	Yes No If yes, skip 4c.			
4c. If no above (4b), describe the measures taken to ensure				
impacts to water quality (attach support information as needed):				
5a. What is the surface area of new impervious surface	5b. What is the total resulting impervious surface after			
associated with this project: <u>487.50</u> (Square Feet)	completion of the project and prior to implementation of			
See the Vermont Shoreland Protection Act – A Handbook for Shoreland Development, Appendix F, Calculating Percent Impervious Surface.	best management practices: <u>862.5</u> (Square Feet) For D5b, add A12 to D5a			
5c. Is the total in 5b. 20% or less of the parcel area within the PSA? ✓ Yes (if yes, skip 5d.) No If 5a is 0, check the n/a box, otherwise divide D5b by A11 and multiply by 100 for percentage. Total percentage = 11.5 % N/A				
If 5a is 0, check the n/a box, otherwise divide D5b by A11 and multiply by 100 for percentage. Total percentage = $\frac{11.5}{6}$ N/A 5d. If no above (5c), describe the best management practices used to manage, treat, and control erosion from				
stormwater form the portion of impervious surface that exceeds 20% (attach support information as needed):				

						
6a. What is the surface area of new clea			resulting cleared area after			
associated with this project: 0 See the Vermont Shoreland Protection Act – A Handbo	(Square Feet)					
Development, Appendix E, Calculating Percent Clearin		best management pra For D6b.	actices: 350 (Square Feet) add A13 to D6a			
6c. Is the total in 6b. 40% or less of the			(if yes, skip 6d.) No			
If 6a is 0, check the n/a box, otherwise divide D6b by A	A11 and multiply by 100 for p	and the second se	%			
6d. If no above (6c), establishing vegetative						
a revegetation plan that will be equal to or the location on the parcel where the revege information as needed).						
E. Landowner Certification						
As APPLICANT, I hereby certify that the statements presented on this application are true and accurate and recognize that by signing this application, I agree to complete all aspects of the project as authorized. I understand that failure to comply with the foregoing may result in violation of the Shoreland Protection Act, 10 V.S.A. Chapter 49A, and the Vermont Agency of Natural Resources may bring an enforcement action for violations of the Act pursuant to 10 V.S.A. chapter 201. Applicant/Landowner Signature: Date: 8-22-16						
	P. 11.5					
F. Application Preparer Certification (if app	dicable)					
As APPLICATION PREPARER, I hereby certify direction or supervision in accordance with the information submitted. Based on my inc responsible for gathering the information, t and complete. I am aware that there are sig imprisonment for knowing violations.	a system designed to a quiry of the person or p he information submit	assure that qualified perso persons who manage the ted is, to the best of my k ubmitting false informatio	onnel properly gathered and evaluated system, or those persons directly nowledge and belief, true, accurate,			
Application Preparer Signature:		Da				
G. Additional Required Documentation	(Please check to ensu	re you have completed the	e following)			
All sections of the application are complete (or otherwise indicate "not applicable")						
Application includes site plans deno mean water level	ting existing and propo	osed cleared area and imp	pervious surface and distances from			
	ensions and surface ar	eas of cleared areas and I	mpervious surfaces Application			
includes photos of project area						
H. Permit Application Fees						
Administrative Fee: \$125.00			125.00			
Impervious Area Fee: \$0.50 per square ft.	Enter new impervious 487.50	area as entered in item (5a) x 0.5	243.75			
Total Fee due:			368.75			
Subm	it this form and app	lication fee, payable to);
