

Draft list of actions for the Lake Memphremagog, Tomifobia and Coaticook Basin proposed to be added to the watershed projects database. Over the course of the Basin Plan lifespan, DEC will implement or coordinate as many high-priority actions as may be supported given available funding.

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Black River High Priority Assessment 6518 feet on Both banks in Craftsbury	Stream Geomorphic Assessment Phase 2	Craftsbury	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
Black River High Priority Assessment 6846 feet on Both banks in Craftsbury	Stream Geomorphic Assessment Phase 2	Craftsbury	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
Black River High Priority Assessment 3579 feet on Both banks in Coventry	Stream Geomorphic Assessment Phase 2	Coventry	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
Black River High Priority Assessment 4439 feet on Both banks in Coventry	Stream Geomorphic Assessment Phase 2	Coventry	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
Black River High Priority Assessment 7915 feet on Both banks in Albany	Stream Geomorphic Assessment Phase 2	Albany	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
McCleary Brook Medium Priority Assessment 1793 feet on Both banks in Albany	Stream Geomorphic Assessment Phase 2	Albany	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	Medium
Black River High Priority Assessment 3576 feet on Both banks in Craftsbury	Stream Geomorphic Assessment Phase 2	Craftsbury	NorthWoods Stewardship Center, Memphremagog Watershed Association	Clean Water Fund	High
Black River Medium Priority FENCING 2622 feet on Both banks in Albany	Agricultural Pollution Prevention - Implementation	Albany	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, Natural Resources Conservation Service	CREP Grants, EQIP	Medium
Barton River High Priority FENCING 1635 feet on Left Bank in Barton	Agricultural Pollution Prevention - Implementation	Barton	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, Natural Resources Conservation Service	CREP Grants, EQIP	High
Black River High Priority Invasive Species Control 8773 feet on Both banks in Coventry	Invasive Species Control	Coventry	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Black River High Priority Invasive Species Control 6183 feet on Both banks in Coventry	Invasive Species Control	Coventry	NorthWoods Stewardship Center, Memphremagog Watershed Association		High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Black River High Priority Invasive Species Control 16345 feet on Both banks in Irasburg	Invasive Species Control	Irasburg	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Black River High Priority Invasive Species Control 17294 feet on Both banks in Irasburg	Invasive Species Control	Irasburg	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Black River High Priority Invasive Species Control 27202 feet on Both banks in Irasburg	Invasive Species Control	Irasburg	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Black River High Priority Invasive Species Control 6963 feet on Both banks in Craftsbury	Invasive Species Control	Craftsbury	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Invasive Species Control 28614 feet on Both banks in Brighton	Invasive Species Control	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Invasive Species Control 8791 feet on Both banks in Brighton	Invasive Species Control	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Invasive Species Control 10276 feet on Both banks in Brighton	Invasive Species Control	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Invasive Species Control 17173 feet on Both banks in Brighton	Invasive Species Control	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Barton River High Priority Water Resource Protection 7540 feet on Both banks in Barton	Water Resource Protection	Barton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Barton River High Priority Water Resource Protection 5880 feet on Both banks in Barton	Water Resource Protection	Barton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 8904 feet on Both banks in Charleston	Water Resource Protection	Charleston	NorthWoods Stewardship Center, Memphremagog Watershed Association		High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Clyde River High Priority Water Resource Protection 20934 feet on Both banks in Charleston	Water Resource Protection	Charleston	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 7259 feet on Both banks in Charleston	Water Resource Protection	Charleston	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 26826 feet on Both banks in Charleston	Water Resource Protection	Charleston	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 16088 feet on Both banks in Charleston	Water Resource Protection	Charleston	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 8410 feet on Both banks in Brighton	Water Resource Protection	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Johns River High Priority Water Resource Protection 18269 feet on Both banks in Derby	Water Resource Protection	Derby	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Johns River High Priority Water Resource Protection 7378 feet on Both banks in Derby	Water Resource Protection	Derby	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River High Priority Water Resource Protection 28614 feet on Both banks in Brighton	Water Resource Protection	Brighton	NorthWoods Stewardship Center, Memphremagog Watershed Association		High
Clyde River Medium Priority Restore 3344 feet on Both banks in Charleston	Agricultural Pollution Prevention - Implementation	Charleston	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, Natural Resources Conservation Service	CREP Grants, EQIP	Medium
Clyde River High Priority Restore 1493 feet on Left Bank in Charleston	Agricultural Pollution Prevention - Implementation	Charleston	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, Natural Resources Conservation Service	CREP Grants, EQIP	High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Clyde River Medium Priority Restore 1453 feet on Right Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River Medium Priority Restore 304 feet on Right Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Barton River High Priority River - Planting 17009 feet on Both banks in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Cold Brook High Priority River - Planting 3574 feet on Both banks in Brighton	River - Planting	Brighton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Clyde River Medium Priority River - Planting 5261 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River Trib Medium Priority River - Planting 863 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Buck Brook Medium Priority River - Planting 2320 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Pensioner Pond Trib Medium Priority River - Planting 858 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Pensioner Pond Trib Medium Priority River - Planting 1187 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River Medium Priority River - Planting 760 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Ditch Medium Priority River - Planting 7431 feet on Both banks in Albany	River - Planting	Albany	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Ditch Medium Priority River - Planting 6717 feet on Both banks in Craftsbury	River - Planting	Craftsbury	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Ditch Medium Priority River - Planting 6300 feet on Both banks in Craftsbury	River - Planting	Craftsbury	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Cass Brook High Priority River - Planting 5284 feet on Both banks in Craftsbury	River - Planting	Craftsbury	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Sucker Brook High Priority River - Planting 6915 feet on Both banks in Morgan	River - Planting	Morgan	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Clyde River Trib Medium Priority River - Planting 1158 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Brighton Brook North Medium Priority River - Planting 4654 feet on Both banks in Irasburg	River - Planting	Irasburg	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Ditch Medium Priority River - Planting 2052 feet on Both banks in Irasburg	River - Planting	Irasburg	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Medium Priority River - Planting 2100 feet on Both banks in Craftsbury	River - Planting	Craftsbury	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Black River Ditch Medium Priority River - Planting 1389 feet on Both banks in Craftsbury	River - Planting	Craftsbury	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Shalney Branch Medium Priority River - Planting 2066 feet on Both banks in Lowell	River - Planting	Lowell	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Shalney Branch Medium Priority River - Planting 1683 feet on Both banks in Lowell	River - Planting	Lowell	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Shalney Branch Medium Priority River - Planting 1019 feet on Both banks in Lowell	River - Planting	Lowell	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Wishing Well Tributary High Priority River - Planting 8569 feet on Both banks in Coventry	River - Planting	Coventry	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Wishing Well Tributary High Priority River - Planting 2414 feet on Both banks in Coventry	River - Planting	Coventry	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Johns River Chute Medium Priority River - Planting 2439 feet on Both banks in Derby	River - Planting	Derby	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Sucker Brook High Priority River - Planting 1686 feet on Both banks in Morgan	River - Planting	Morgan	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Holbrook Bay Tributary High Priority River - Planting 3622 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Holbrook Bay Tributary High Priority River - Planting 7504 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Holbrook Bay Tributary High Priority River - Planting 1810 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Holbrook Bay Tributary High Priority River - Planting 2609 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Clyde River High Priority River - Planting 1312 feet on Both banks in Newport City	River - Planting	Newport City	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Clyde River Medium Priority River - Planting 1567 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River Medium Priority River - Planting 859 feet on Both banks in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Holbrook Bay Tributary Medium Priority River - Planting 2781 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River High Priority River - Planting 725 feet on Both banks in Newport City	River - Planting	Newport City	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Holbrook Bay Tributary High Priority River - Planting 2135 feet on Both banks in Newport Town	River - Planting	Newport Town	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Pensioner Pond Trib Medium Priority River - Planting 291 feet on Left Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Barton River Medium Priority River - Planting 73 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Barton River Low Priority River - Planting 285 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Low

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Barton River Low Priority River - Planting 299 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Low
Mad Brook High Priority River - Planting 553 feet on Left Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Mad Brook Medium Priority River - Planting 896 feet on Left Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Pensioner Pond Trib Medium Priority River - Planting 1390 feet on Left Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Nutting Brook Medium Priority River - Planting 1180 feet on Left Bank in Charleston	River - Planting	Charleston	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Johns River Medium Priority River - Planting 318 feet on Left Bank in Derby	River - Planting	Derby	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Darling Hill Trib Medium Priority River - Planting 912 feet on Left Bank in Derby	River - Planting	Derby	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Darling Hill Trib Medium Priority River - Planting 1156 feet on Left Bank in Derby	River - Planting	Derby	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Johns River Medium Priority River - Planting 1849 feet on Left Bank in Derby	River - Planting	Derby	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Clyde River High Priority River - Planting 205 feet on Left Bank in Newport City	River - Planting	Newport City	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Barton River Medium Priority River - Planting 1115 feet on Left Bank in Coventry	River - Planting	Coventry	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Barton River High Priority River - Planting 342 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Barton River High Priority River - Planting 106 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Barton River High Priority River - Planting 145 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	High
Barton River Medium Priority River - Planting 574 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium
Willoughby River Medium Priority River - Planting 132 feet on Left Bank in Barton	River - Planting	Barton	NorthWoods Stewardship Center, Orleans County NRCD, Memphremagog Watershed Association, Natural Resources Conservation Service	CREP Grants, EQIP, Ecosystem Restoration Program	Medium

Westmore Road Erosion Inventory and Capital Budget	Road Erosion Control Inventory	Westmore	Vermont Agency of Transportation, Orleans County NRCD, Memphremagog Watershed Association, Westmore Town, Westmore Association	Better Roads	High
Create the Memphremagog Stormwater Collaborative to support stormwater outreach	Technical Assistance	Orleans County	Memphremagog Watershed Association, Orleans County NRCD, Vermont Agency of Transportation, Northeastern Vermont Development Association, Seymour Lake Association	Better Roads, Clean Water Fund, High Meadows Fund	High
Address two potentially failed septic systems in Derby identified by IDDE assessment.	Stormwater - IDDE	Derby	Memphremagog Watershed Association, Vermont Department of Environmental Conservation		Medium

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Support brownfields restoration efforts that mitigate surface water pollution.	Pollution Prevention, Abatement, and Mitigation	Orleans County	Memphremagog Watershed Association, Vermont Department of Environmental Conservation		Medium
Complete annual Lake Wise trainings.	Education & Outreach	Orleans County	Memphremagog Watershed Association, Vermont Department of Environmental Conservation, NorthWoods Stewardship Center, Seymour Lake Association, Shadow Lake Association, Echo Lake Protective Association, Westmore Association, Hosmer Ponds Watershed Initiative	High Meadows Fund	High
LakeWise Master Plan for Lake Willoughby	Lake Shoreland - Identification	Westmore	Memphremagog Watershed Association, Vermont Department of Environmental Conservation, NorthWoods Stewardship Center, Westmore Association, Westmore Town	Clean Water Fund, High Meadows Fund	High
LakeWise Master Plan for Lake Seymour	Lake Shoreland - Identification	Morgan	Memphremagog Watershed Association, Vermont Department of Environmental Conservation, NorthWoods Stewardship Center, Seymour Lake Association, Morgan Town	Clean Water Fund, High Meadows Fund	High
LakeWise Master Plan for Shadow Lake	Lake Shoreland - Identification	Glover	Memphremagog Watershed Association, Vermont Department of Environmental Conservation, NorthWoods Stewardship Center, Shadow Lake Association, Glover Town	Clean Water Fund, High Meadows Fund	High
Update regional road erosion inventory template to incorporate MRGP requirements	Technical Assistance	Orleans County	Memphremagog Watershed Association, Vermont Department of Environmental Conservation, Orleans County NRCD, Vermont Agency of Transportation		High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Complete ANR Bridge and culvert surveys in the Tomifobia and Coaticook watersheds	Road Project - Identification	Norton, Averill, Derby, Holland	Vermont Fish and Wildlife Department, Holland Town, Norton Town		
Complete assessments necessary to support a TS4 phosphorus control plan.	Research	Orleans County	Vermont Agency of Transportation, Vermont Department of Environmental Conservation		
Create Magog farmer workgroup to support the implementation of RAPs, BMPs, and outreach efforts.	Education & Outreach	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Agricultural Clean Water initiative Grant Program	High
Host annual workshops on improving soil health and new RAPs.	Education & Outreach	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Agricultural Clean Water initiative Grant Program	High
Create Nutrient Management Plans for 8 farmers through UVM Extension's Digging In course.	Agricultural Pollution Prevention - Identification	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Regional Conservation Partnership Program, Agricultural Clean Water initiative Grant Program	High
Develop NMPs for certified farms that are not interested in Digging in Course	Agricultural Pollution Prevention - Identification	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Regional Conservation Partnership Program, EQIP, Agricultural Clean Water initiative Grant Program	High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Create support for farmers to implement practices recommended in NMPs and LTPs.	Agricultural Pollution Prevention - Implementation	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, Natural Resources Conservation Service	Clean Water Fund, Agricultural Clean Water initiative Grant Program	High
Do demonstrations and trials on different cover crops, rotations and manure management scenarios.	Agricultural Pollution Prevention - Implementation	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Clean Water Fund, BMP financial assistance, High Meadows Fund, Agricultural Clean Water initiative Grant Program	High
Develop stormwater BMPs for farms and provide support for farms to implement these.	Agricultural Pollution Prevention - Final Design	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Clean Water Fund, Ecosystem Restoration Program, BMP financial assistance, High Meadows Fund, Agricultural Clean Water initiative Grant Program	High
Increase equipment for rental or through custom operators to allow farmers to follow NMPs.	Agricultural Pollution Prevention - Equipment	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Clean Water Fund, Ecosystem Restoration Program	High
Install horse manure compost bins and making pasture improvements on horse farms.	Agricultural Pollution Prevention - Implementation	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Ecosystem Restoration Program, Agricultural Clean Water initiative Grant Program	High
Complete water quality sampling on 5-10 farms to identify source areas and nutrient reductions.	Water Quality Sampling	Orleans County	Vermont Department of Environmental Conservation, Memphremagog Watershed Association, Orleans County NRCD, Vermont Agency of Agriculture Food and Markets	Clean Water Fund, Water Quality Grant, Agricultural Clean Water initiative Grant Program	High

Project Name	Project Type	Towns	Partners	Potential Funding	Rating
Publish success stories where BMP practices have resulted in farm and water quality improvements.	Education & Outreach	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association	Agricultural Clean Water initiative Grant Program	High
Increase participation in the Caring Dairy and Vermont Environmental Stewardship programs.	Agricultural Pollution Prevention - Implementation	Orleans County	Orleans County NRCD, Vermont Agency of Agriculture Food and Markets, UVM extension, Natural Resources Conservation Service, Vermont Department of Environmental Conservation, Memphremagog Watershed Association		High
Coordinate workshops on minimizing water quality impacts of maple sugaring operations.	Education & Outreach	Orleans County	Orleans County NRCD, Vermont Department of Forests Parks and Recreation, NorthWoods Stewardship Center	Clean Water Fund	Medium
Host workshops on the new AMPs and resources available for addressing logging road issues.	Education & Outreach	Orleans County	Orleans County NRCD, Vermont Department of Forests Parks and Recreation, Memphremagog Watershed Association, NorthWoods Stewardship Center	Clean Water Fund	High
Use Lidar data to identify gullies that may have been caused by historical logging operations.	Forestry - Identification	Orleans County	Vermont Department of Environmental Conservation, Vermont Department of Forests Parks and Recreation		High
Continue to support local skidder bridge rental program and increase usage of bridges.	Forestry - Implementation	Orleans County	Orleans County NRCD, Vermont Department of Forests Parks and Recreation	Ecosystem Restoration Program	High
Continue VFWD experimentation of floodplain restoration through plowing and herbicide application.	Research	Barton, Coventry	Vermont Fish and Wildlife Department, Vermont Department of Environmental Conservation		High
Coordinate outreach to basin towns on adopting River Corridor Zoning.	Education & Outreach	Barton, Holland, Glover, Craftsbury	Vermont Department of Environmental Conservation, Northeastern Vermont Development Association	Municipal planning grants	High
