Subject: Wetland Individual Permit #2010-097

Dear Mr. Gingras:

This letter serves to notify you that the proposed amendment to Wetland Individual Permit #**2010-097** you submitted is approved.

The proposed amendment has been publicly posted and notice sent to all parties as required in the Vermont Wetland Rules. The Agency of Natural Resources finds that the proposed amendment will not result in an undue adverse effect to any of the functions provided by the Class Two wetland or the adjacent 50-foot buffer zone located at the milepost 64.9 of Vermont Railway's primary north-south line where it crosses Otter Creek, approximately 2,700 ft. south of Kendall Hill Rd crossing, in Pittsford, VT.

This approval specifically approves the extension of the construction completion date for this project from **January 28, 2016** to **January 28, 2021**. Other than this date revision, all other aspects of this project shall be carried out consistent with the original proposal and conditions listed in Wetland Individual Permit #**2010-097**.

Dated at Montpelier, VT this twenty-first day of January, 2016.

Alyssa B. Schuren, Commissioner
Department of Environmental Conservation
