

Notice of Document Availability for Public Comment

Jay Peak Resort: 2018 Water Quality Remediation Plan Amendment-Construction and Operational Phase Sediment Offset Calculations

The Watershed Management Division is making available for public comment *Jay Peak Resort's 2018 Water Quality Remediation Plan Amendment - Construction and Operational Phase Sediment Offset Calculations*. A Water Quality Remediation Plan (WQRP) has been developed to address water quality impairments to streams near Jay Peak Resort. The WQRP sets forth actions to be taken to improve water quality as well as a monitoring plan to track improvements. The goal of the WQRP is to return the impaired streams to compliance with the Vermont Water Quality Standards. This amendment describes the sediment offset accounting that allows for new proposed development to occur.

In accordance with the Division's *Procedure for Water Quality Remediation Plans*, a comment period has been established to receive written comment on the above amendment. After the close of the comment period, the Division will consider all public comments and will prepare and post a written response to comments. **The deadline for comment submittal is March 2, 2018.**

A public meeting may be requested by any member of the public during the comment period.

Written comments or requests can be addressed to:

VTDEC Watershed Management Division
