

Notice of Application of Wetland Individual Permit: 2015-462
10/11/2016

A request for a Wetland Individual Permit, required pursuant to the provisions of Section 9 of the Vermont Wetland Rules, has been received from Triland Partners, LP.

Triland Partners, LP is requesting approval for construction of a solar array with access driveway located at 2880 Route 7B Central, in Clarendon, VT. The proposed project will impact 643sf of wetland impacts and 3473sf of buffer zone impacts. This wetland has been designated as a significant (Class II) wetland under the Vermont Wetland Rules.

Copies of the application are available for review at the Vermont Wetlands Office in Montpelier, the Town Clerk's Office in Clarendon, the Regional Planning Commission office in Clarendon, and the Agency of Natural Resources website: <http://dec.vermont.gov/watershed/permits/public-notice/wetlands-public-notice>. Individual Wetland Permits may only be approved if the Agency is satisfied that the applicant has demonstrated that the proposed use complies with the Vermont Wetland Rules and the proposed use will not have an undue adverse impact on the functions and values of any significant wetlands or their adjacent buffer zones. In making the determination that the applicant has met this burden, the Agency will evaluate the potential effects of the proposed use on the basis of (1) the use's direct and immediate effects on the wetland; and (2) the use's cumulative or on-going effects on the wetland.

Any person may file comments in writing by referencing Project 2015-462 through 10/25/2016 and sending them to:
