## AUTHORIZATION TO CONDUCT STREAM ALTERATION ACTIVITIES

Pursuant to Section C.2.2 of the VT Stream Alteration General Permit (Reporting activities not requiring an application)

Project Number: SA-07-023-2016

Applicant Name: James Rotondo – City Engineer

Mailing Address: City of Rutland, PO Box 969 Rutland City, VT 05702

Project Location: Downstream end of Curtis Ave crossing

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

- 1. This project authorizes under <u>Section C.2.2.3, extension of existing CMP with an additional 20 feet to replace</u> <u>cracked headwall and underminded wingwalls</u>. Infill new pipe and end section with ~ 6 inches of native
- 2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit.
- 3. The proposed activity will meet the terms and conditions of the General Permit provided:
  - a) The project will be completed and approved <u>as shown on plans dated 07/06/2016, updated on 7/18/2016,</u> <u>prepared by the City of Rutland DPW</u> and as approved by the Vermont Agency of Natural Resources.
  - b) The project will not adversely affect the public safety by increasing flood hazards.
  - c) The project will not significantly damage fish life or wildlife.
  - d) The project will not significantly damage the rights of riparian owners.
  - e) The project will not obstruct the movement of aquatic life indigenous to the waterbody beyond the actual duration of construction.
  - f) The project is conducted in a manner which minimizes or avoids any discharge of sediment or other pollutants to surface waters in violation of the VT Water Quality Standards.
  - g) The ANR River Management Engineer is notified by phone or email when construction begins and when the project is complete.
  - h) In-stream working dates for all GP activities are from June 1<sup>st</sup> through October 1<sup>st</sup>; any in-stream work outside these dates will require an Individual Stream Alteration Permit authorization by the River Management Engineer.
  - i) This authorization has been posted for three days public comment. This authorization constitutes final approval.

If there are any changes in the project plan or deviation in construction from the approved plans, the Permittee must notify the ANR River Management Engineer immediately via phone (802) 490-6163 or email <u>ioshua.carvaial@state.vt.us</u>.

*If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.* 

**Signed this 22<sup>th</sup> day of July, 2016** Alyssa B. Schuren, Commissioner Department of Environmental Conservation

This permit expires on October 1, 2017.
