AUTHORIZATION TO CONDUCT STREAM ALTERATION ACTIVITIES

Pursuant to Section C.2.2 of the VT Stream Alteration General Permit (Reporting activities not requiring an application)

Project Number: <u>SA-07-037-2016</u> Watercourse: <u>Tenney Brook</u>

Applicant Name: <u>Jeff Wennberg – Commissioner of Public Works</u> Email: <u>nates@rutlandcity.org</u>

Mailing Address: City of Rutland, PO Box 969 Rutland City, VT 05702 Phone: (802) 773-1813

Project Location: New culvert outfall and headwall removal at Adams Street Lat/Lon: N 43.8369 / W 72.2728

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

- 1. This project authorizes under <u>Section C.2.2.1</u>, <u>installation of new storm drain outfall with riprap apron and removal of existing headwall from the stream bank downstream from the Adams Street bridge crossing.</u>
- 2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit.
- 3. The proposed activity will meet the terms and conditions of the General Permit provided:
 - a) The project will be completed and approved <u>as shown on plans dated 08/29/2016, prepared for the City of Rutland by Enman Kesselring Engineers</u> and as approved by the Vermont Agency of Natural Resources.
 - b) The project will not adversely affect the public safety by increasing flood hazards.
 - c) The project will not significantly damage fish life or wildlife.
 - d) The project will not significantly damage the rights of riparian owners.
 - e) The project will not obstruct the movement of aquatic life indigenous to the waterbody beyond the actual duration of construction.
 - f) The project is conducted in a manner which minimizes or avoids any discharge of sediment or other pollutants to surface waters in violation of the VT Water Quality Standards.
 - g) The ANR River Management Engineer is notified by phone or email when construction begins and when the project is complete.
 - h) In-stream working dates for all GP activities are from June 1st through October 15th; any in-stream work outside these dates will require an Individual Stream Alteration Permit authorization by the River Management Engineer.
 - i) This authorization has been posted for three days public comment. This authorization constitutes final approval.

If there are any changes in the project plan or deviation in construction from the approved plans, the Permittee must notify the ANR River Management Engineer immediately via phone (802) 490-6163 or email joshua.carvaial@state.vt.us.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

Signed this 9th day of September, 2016

Alyssa B. Schuren, Commissioner

Department of Environmental Conservation

Josh Carvajal, P.E. CFM, River Management Engineer

This permit expires on October 1, 2017.
