AUTHORIZATION TO CONDUCT NEXT FLOOD MEASURES

Pursuant to Section F of the Vermont Stream Alteration General Permit

Project Number: NFM-06-08-2016

Applicant Name: Town of Randolph **Phone:** (802) 728 -9079

Mailing Address: P.O. Drawer B, Randolph, VT 05060

Project Location: 18 Heding Dr., Randolph, VT, (43.9262, -72.6558)

Email: stp01@randolphvt.org

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes _removal of accumulated sediment from sewage treatment discharge point, located on the 3rd Branch of the White River. In accordance with point source discharge practices.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit – Next Flood Measures.
3. The proposed activity will meet the terms and conditions of Section F of the General Permit provided:
 - a) The project will be completed as necessary to provide immediate dispersion of effluent.
 - b) The project is proportional to the threat and conditioned to cease when the threat to life or to improved property has ended.
 - c) The project will not result in a threat to life, public health or safety.
 - d) The project will meet the standards detailed in subsection E.2.1 and E.2.2 of the General Permit.
 - e) The project will meet Stream Alteration Standards to the greatest extent possible.
 - f) Notice of material removal activities shall be provided to the ANR River Management Engineer no less than 72 hours prior to the start of work.

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

Signed this 7th day of June, 2016
Alyssa B. Schuren, Commissioner
Department of Environmental Conservation

This permit expires October 1, 2021
