

AUTHORIZATION TO CONDUCT STREAM ALTERATION ACTIVITIES

Pursuant to Section C.2.3 of the VT Stream Alteration General Permit
(Reporting activities requiring an application)

VERMONT DEPARTMENT OF
ENVIRONMENTAL CONSERVATION
WATERSHED
MANAGEMENT DIVISION
RIVERS PROGRAM

A. Permitted Project Information:

Project Number: **SA-06-22-2016**

Applicant Name: Mad River Path association Phone: (802) 496-5200

Mailing Address: PO Box 307, Warren, VT 05674 Email: rood@madriver.com

Project Location: German Flats Road, Fayston, VT (44.1792, -72.8823)

B. Findings:

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes excavation of accumulated sediments at the Clay Brook drinking water intake to maintain function and capacity of the system.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit.
3. The proposed activity will meet the terms and conditions of the General Permit provided:
 - a) The project will be completed and approved as shown on the plans submitted to this office on 09/16/2016 prepared by Roland Vandyk and dated 05/08/10

C. Standard Conditions:

1. The project will not adversely affect the public safety by increasing flood hazards.
2. The project will not significantly damage fish life or wildlife.
3. The project will not significantly damage the rights of riparian owners.
4. The project will not obstruct the movement of aquatic life indigenous to the waterbody beyond the actual duration of construction.
5. The project is conducted in a manner which minimizes or avoids any discharge of sediment or other pollutants to surface waters in violation of the VT Water Quality Standards.
6. The ANR River Management Engineer is notified by phone or email when prior to the start of construction and when the project is complete.
7. **In-stream working dates for all GP activities are from July 1st through October 1st; any in-stream wet work outside these dates will require consultation with and prior authorization from the River Management Engineer (RME).**
8. **This permit expires on 10/01/2017**

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately. If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

D. Authorization:

Signed this 27th day of September, 2016
Alyssa B Schuren, Commissioner
Department of Environmental Conservation

by: 
Jaron Borg, River Management Engineer
