# Plan Set Reference Form

Applicable to General Permit 3-9050  
Applications Requiring Plan Sheet Submittal

Version 2021-3

Use this form to provide a complete list of all plans applicable to the stormwater management design, operational standards, and application requirements associated with an application to the State of Vermont for coverage under General Permit 3-9050. This form can be used for either a full or initial NOI submission and should be updated as plans change either in form or in revision.

## A. Plan Preparer

1. Company Name:
2. Project Name:

**B. List the plans using the following format: Sheet [##], “[Sheet Title],” dated [mm/dd/yyyy], last revised [mm/dd/yyyy]; (e.g. Sheet 1, “Existing Condition Plan”, dated 01/15/2019, last revised 02/06/2020).**

Dated plans are required. Using the above format enter the plan set reference for the project in the space below. If more space is required, provide an attachment.
