

Application for Individual Construction Stormwater Discharge Permit

For Stormwater discharges associated with Construction (INDC)

Submission of this completed application constitutes notice that the entities in Section A intend to be authorized to discharge pollutants to Waters of the State from the project identified in Section D under an Individual Construction Stormwater Discharge Permit (INDC). Submission of this application also constitutes notice that the parties identified in Section A have determined that this project, in accordance with Appendix A of Construction General Permit 3-9020 (2008), requires coverage under an INDC; agree to comply with all applicable terms and conditions of an INDC; and, agree that the applicable practices within the authorized Erosion Prevention and Sediment Control Plan must be implemented and maintained for the duration of the construction activities. In order to be granted coverage, all information required on this form must be provided and an application fee payable to the State of Vermont must be submitted.
