

**PUBLIC COMMENT NOTICE**  
**Barre Septic Service**  
**SOLID WASTE MANAGEMENT FACILITY CERTIFICATION**  
**DRAFT FULL RECERTIFICATION**  
PIN: BR95-0064

Public notice is hereby provided for a public comment period for the draft certification related to an application by Barre Septic Service, of Graniteville, VT, to the Vermont Agency of Natural Resources for recertification of an existing septage management facility.

The application proposes the continued operation of a septage management program for the application of stabilized, domestic septage to a single parcel of land, located in Brookfield, VT. The application has been reviewed and a draft certification prepared in accordance with 10 V.S.A Section § 6605 and the Vermont Solid Waste Management Rule (effective March 15, 2012).

Copies of the draft certification and fact sheet are available at the Town of Brookfield offices, the Tri-Town Alliance, Two Rivers-Ottawaquechee Regional Commission, State of Vermont District #3 Environmental Commission, and at the Watershed Management Division (VTDEC) offices in Montpelier, VT or on our web site at <http://dec.vermont.gov/watershed/public-notices>.

A public informational meeting in regard to this matter may be called at the request of the select board of the Town of Brookfield or upon the submittal of a petition signed by at least twenty-five residents of the Town of Brookfield.

Any questions or comments concerning the draft documents, or requests for a public meeting, can be made to the Residuals Management Section until 4:30 pm on Wednesday June 15th, 2016.

Comments should be addressed to:

Eamon Twohig  
VT DEC Residuals Management Section  
1 National Life Drive – 2 Main
