2. For map removals and registration error correction requests, select all justifications for making this request:

The district ecologist visited my site and did not see wetland.

A professional wetland scientist reviewed the area according to the methodology for identifying wetlands in section 3.2a of the Vermont Wetland Rules during the growing season and did not find wetland.

The wetland polygon does not line up with the underlying base layers and the actual wetland is in a different location.

To show proof of one or more of the above:

I have attached evidence of the mapping error which includes photographs and notes from a wetland scientist.

I have attached a sketch of where the registration error is for correction (if applicable).

3. For map edit requests, select all justifications for making this request:

I have a wetland delineation which was produced in the last 5 years which is different from the VSWI map.

The district ecologist visited my site and observed wetlands extending beyond the extent of the mapped wetland (contiguous).

The district ecologist visited my site and observed no wetlands where there was mapped wetland.

N/A

To show proof of one or more of the above:

I have attached the wetland delineation, photographs, and notes from a wetland scientist.

I have attached a sketch of the wetland map edit.

4. Supporting Materials:
****ADDITIONAL MATERIAL REQUIRED TO CALL PETITION COMPLETE**

4.1. **Location Map:

Provide a location map that is 8 ½" x 11" and separate from any site plans. The Vermont Natural Resources Atlas is appropriate using USGS topography map base layer, roads, and VSWI wetlands at a minimum.

Date	Title

4.2. **Proposed Mapping:

List as specified below. Plans must be legible and include wetland delineation or aerial interpretation. It is helpful to provide one map with topograph and one with aerial photography as a base. You are encouraged to also submit a geodatabase containing your proposed edit. Use the geodatabase template located on our website under 'Application Materials' > 'wetland determinations.'

Title	Author	Date	Last Revision Date

OFFICIAL NOTICE

Hello Neighbor,

This letter is an official notice that _____ intends to apply for one or more permits from the Agency of Natural Resources, Department of Environmental Conservation (DEC). Because your property borders the location of the activity as described below, Vermont law requires the applicant to provide you with notice of the application(s).

Once each application has been submitted and deemed complete by DEC to begin the review, it will be posted to the DEC Environmental Notice Bulletin (ENB) at ENB.VERMONT.GOV, where you may register to receive notifications to stay informed as each application moves through the review process. Although the application(s) may not yet be received or processed by the DEC upon receipt of this letter from the applicant below, you may register now to receive notifications using a specified mile/distance radius from your address location (*see next page for detailed instructions on how to register*).

In the meantime, you may also contact the property owner/applicant with questions about the activity using the contact information provided below. For background, the permit process includes a public comment period and an opportunity to request a public meeting, all which can be done through the ENB link above once permit applications are posted. Note that to appeal a final permit decision you must submit comments during the public comment period.

For additional information please visit the following website: DEC.VERMONT.GOV/PERMITS/ENB/GENERAL. For general questions or assistance with registering on the ENB please call DEC's main line at (802) 828-1556 and plan to provide the permit types that are being applied for as listed below.
